## Germans Are Asking Long Time for Their Payments in Cash

**Request Reparations Commission to Rearrange Their Obligations; Have Money Ready For July Installment; Situation Is Disturbing Europe.**

Berlin, July 8.—It was semi-officially stated this afternoon that two German experts were going to Paris to-day to ask the Reparations Commission for a moratorium by which Germany would be enabled to spread her cash payments over a long period.

Berlin, July 8.—The 50,000,000 gold marks required to meet the July installment of Germany's reparations payments were gathered in the Reichsbank before the mark entered upon its present headlong plunge.

Official quarters frankly admit that they prefer not to contemplate at this date just what will happen in case Germany is obliged to go into the open market for the purpose of acquiring the gold for her next payment with the mark heading along the same road as that taken by the Austrian crown.

Parliamentary circles are interested in the prospective re-arrangement of the Government's financial situation and the prevailing political situation and appear comparatively indifferent to the fate of the mark. Officials are also averse to talking freely on the subject while the conference with the Guarantee Commission are going on.

### Printers On Strike.

The Reichsbank has confined its statement to a communication to the effect that the printers' strike has brought the money presses to a halt and that as a result the bank's stock of finished currency is wholly depleted, due to the excessive demands which set in at the close of each quarter. It hopes to tide over the shortage by issuing emergency 500-mark notes. The shortage of gold bills is already giving trouble to tourists, while the bank and hotels load down with 20-mark and 50-mark notes.

### Exchange in U. S.

New York, July 8.—Continued weakness in German exchange was reflected to-day in the local foreign exchange market, the preliminary price of marks before the opening of the market being quoted at 18 1/2 cents a hundred, with actual sales taking place later at 19 1/2 to 19 3/4 cents. Marks fell yesterday to a record low of 18 cents a hundred, closing at 21 last night.

### ANXIETY IN FRENCH CIRCLES

Paris, July 8.—The violent decline in the value of the German mark is causing considerable anxiety both in French financial circles and among officials of the Reparations Commission.

Although there have been rumors in the last twenty-four hours that the fall in the mark would make the July 15 reparations payment of 50,000,000 gold marks impossible, nothing has been received by the Reparations Commission to indicate that Germany intends to ask a postponement. It was pointed out, however, (Continued on page 2.)

### CHICAGO BURGLAR A MUSIC LOVER

**Played Classical Selections While on Expeditions**

Chicago, July 8.—Police to-day sought a musical burglar who during the week looted at least seven exclusive Chicago residences of thousands of dollars' worth of jewelry, bric-a-brac and money after first holding suspicious neighbors by his rare pianistic technique.

The burglar displayed a large artistry both as a musician and a burglar, according to detectives who have been investigating his depredations. He cut small holes in glass door panels and jimmed locks with a regard for the workmanlike.

He revealed a fondness for Verdi's compositions, those who heard him said. At one home he played a score from "Rigoletto" and obtained \$700 worth of valuables. At another he rendered a pleasing portion from "La Traviata" and selected with the taste of a connoisseur \$1,500 worth of heirlooms and jewelry. In a third home "Aida" was the accompaniment to which he helped himself to a collection of costly ornaments. "Il Trovatore" and an improvisation of exciting promise marked the theft of \$1,000 worth of gems at another home. The burglar sang from "Pagliacci" in a rich, well modulated baritone as he chose from a collection of rugs, antiques and jewels at two apartments.

### NOVA SCOTIA SHIPS MORE COAL NOW TO CANADIAN USERS

Sydney, N. S., July 8.—As a result of the American strike and the scarcity of coal at Montreal, shipments of Cape Breton coal to the St. Lawrence are booming. Four British steamships have been chartered and are expected in Sydney soon to supplement the regular fleet. Shipments to Boston and the bunker trade are fairly brisk.

## NOMINATIONS IN MANITOBA TO-DAY

**Provincial General Election Set for July 18**

**About 150 Candidates Are in the Field**

Winnipeg, July 8.—(Canadian Press)—With the official nomination to-day of about 150 candidates to contest fifty-three constituencies, the Manitoba provincial general election campaign enters upon its final stage. Polling will take place on Tuesday, July 18, between 3 a. m. and 8 p. m.

Hon. T. C. Norris, Premier and Liberal Leader, is running in Lanesdown, his old constituency, opposed by a Farmer, Mayor F. S. Taylor, Conservative Leader, is a candidate in Portage la Prairie, opposed by Hon. C. D. McPherson, Minister of Prince Works, E. J. Dixon, Labor Leader, is running in Winnipeg. The United Farmers as yet have no political leader. Hon. Edward Brown, Provincial Treasurer, whose financial administration has come in for severe criticism and for vigorous defence, will be a candidate in The Pas, one of the two constituencies where polling is deferred.

William Robson, who led the Independent Farmers in the last Legislature, failed to secure the official nomination in Glenwood and is not a candidate. The majority of those who made up his group were successful, however, in securing Farmer nominations and this makes it probable that the Farmer party in the next House will not be lacking in men of legislative experience.

Forty-three in Winnipeg. Winnipeg, July 8.—Forty-three candidates were nominated between 12 and 1 o'clock to-day to contest Winnipeg's ten seats in the next Legislature. The voting here will be under the proportional representation scheme. The Liberals have a full slate of 10; the Progressives 8, the Conservatives 7 and Labor and Socialists 12 and there are 5 Independents.

The list of candidates follows: Liberals—Hon. Robert Cameron, Mrs. Arthur Rogers, Duncan Cameron, H. D. Cutler, W. J. Donovan, Arnie Geggerson, A. L. McLean, Dr. J. A. McTavish, R. W. Milson and W. H. Truman, K. C. Progressives—G. F. Chipman, R. W. Craig, K. C.; Mrs. A. G. Hampton, J. P. Henry, Percy McCallum, T. J. Murray, K. C.; C. K. Newcombe, and W. P. Patterson. Conservatives—Mrs. W. H. Brown, W. Sanford Evans, J. T. Hall, Dan MacLean, Mrs. James Monroe, Arthur Sullivan and J. T. Tober, K. C. Labor and Socialists—F. J. Dixon, S. J. Farmer, W. Ivens, Mrs. Maude McCarthy, James Simkin, S. Cartwright, J. Winning, W. McGill, M. Popovich, A. Henderson, W. Hammond, John Queen and George Armstrong.

Independents—J. K. Downs, Colin MacPherson, B. E. Rubinski, Fred Hill and Mrs. W. C. McCallum. In Brandonford, J. R. Hedmison, Fusionist, and A. E. Smith, Laborite, were nominated.

**BUSINESS FAILURES.** Toronto, July 8.—The commercial failures for the week ending July 7, according to the Commercial Travellers' Bureau, were: Ontario, 12; Quebec, 21; Manitoba, 3; Alberta, 1; Saskatchewan, 6; British Columbia, 2; Nova Scotia, 2; New Brunswick, 2. Total, 50. The week before there were 69 failures.

## SAYS HE DID NOT MEAN TO SHOOT MAN

**A. Robinson Makes Statement to Vancouver Clergyman**

**Ottawa Is Asked to Commute Death Sentence**

Vancouver, July 8.—"I pulled the gun and shot, but I didn't mean to shoot him," said A. Robinson, convicted slayer of the late William Salisbury, Jr., a few hours before he expected to be ushered into eternity. He was subsequently reprieved until July 28. The confession was made to Rev. Harold King, Rector of St. Paul's church, who had been Robinson's spiritual adviser and was the first statement made by the twenty-one-year-old youth acknowledging that it was he who had fired the shot which killed Salisbury.

Mr. King related his interview with Robinson before a meeting of the Local Council of men, his object being to convince them that Robinson is a changed man. Subsequently the meeting passed a resolution urging the Minister of Justice to commute Robinson's sentence to life imprisonment.

Paulson, as well as Robinson, was granted a reprieve till July 28.

## ROUND-THE-WORLD AEROPLANE NOW AT ALEXANDRIA, EGYPT

Alexandria, Egypt, July 8.—Major W. J. Baker, the British aviator who is attempting an aeroplane flight around the world, arrived here yesterday from Crete.

## MANY MEN JOIN ARMY IN IRELAND

**Ready Response to Dublin Government's Call**

**Insurgents South of Dublin Are Surrounded**

Dublin, July 8.—There has been a remarkable response to the Irish Free State Government's call for volunteers to assist in putting down the republican revolt. In this city alone nearly 2,000 men were enrolled for military service up to last night.

Substantial progress in the campaign being waged against the republicans by the national forces in the provinces is indicated in to-day's official statement. More than fifty prisoners were taken at Arklow, County Wicklow; Drogheda, Newton, Cunningham and Ballymore East.

In a statement regarding the allegations of ill-treatment of prisoners in the Mount Joy Prison, which have been circulated, the Government said the object of this propaganda is purely political.

Insurgents Surrounded. London, July 8.—Chief interest in the Irish situation for the moment centres in the operations in the Blessington district, fifteen miles south of Dublin, in County Wicklow, owing to the supposition that Eamon de Valera is with the irregular forces there. The republicans are tightly enclosed within a ring of national troops and announcement of the final success of the Government forces is awaited with considerable interest.

Casualties. Dublin, July 8.—It is officially announced that the casualties suffered by the Government forces in the conflict in Dublin were 16 killed and 122 wounded.

Reconstruction. Dublin, July 8.—Experts estimate that it will require four years to rebuild the areas devastated during the recent fighting in this city, this not including replacement of the four Courts Buildings.

The Irish Independent suggests an Irish loan of £20,000,000 for the purpose of reconstruction.

Traveling Passenger Agents of United States Here September 19

**Will Be Guests of C. P. R. Through Canada**

Two important bodies will be in the city on successive days in September. Reference was made yesterday to the expected arrival of the Montreal Board of Trade party on September 20 on their transcontinental tour. To arrange for the large gathering of American traveling passenger agents, the well-known Canadian Pacific Railway office, and H. Brodie, general passenger agent, Vancouver, arrived in Victoria yesterday, and are registered at the Empress Hotel.

Mr. Calder observed that it had been the intention of the convention to come to Canada earlier. Circumstances delayed the association's visit, however, and a strong delegation from the C. P. R. attended the gathering at Salt Lake City and presented an invitation for 1922. The company will place two special trains at the disposal of the delegates, to represent all leading railways in the United States, as well as independent agencies. The delegates, who will number over 200, are allowed one guest each, so that Mr. Calder forecast a total of 350 persons here in September.

The value of the publicity, he stated to The Times is impossible to over-estimate, as these are the people who are in touch with the best class of tourist business in Florida, California and other states which make a special appeal to the traveling American public. They reach the people who want in Western Canada, and there never was a better chance to show off the beauties of Vancouver Island than in the early fall, when they will be among you."

Mr. Calder said the company would appreciate a hearty welcome from Victoria citizens on this occasion. It was the intention to show the delegates the scenery in the immediate vicinity of the city during their brief stay, he stated. Details of the entertainment would be worked out, but these features would certainly include a visit to Benvenuto and a dance in the evening.

Meers, Calder and Brodie met Commissioner G. J. Warren yesterday at the Publicity Bureau.

## J. D. ROCKEFELLER IS EIGHTY-THREE

Tarrytown, N. Y., July 8.—John D. Rockefeller was 82 years old to-day. His programme for the day called for a game of golf this morning and an auto ride in the afternoon.

## BOYS TRIED TO BURN VISITING LAD AT STAKE

Kingsville, Ont., July 8.—Eddie Sanderson, of Bellingham, Wash., who is visiting here, was rescued yesterday by grown-ups who found him tied to a post with a fire kindled at his feet. His cries drew the attention of his rescuers. At first he refused to tell who bound him, but finally admitted that it was done by three boys of this town between ten and twelve years of age.

The boys objected to the visitor's popularity with a little Kingsville girl, it is said, and decided to burn him at the stake. They surrounded his feet with papers and sticks, which were set alight. Eddie was badly burned, but is not in serious danger.

## ULSTER M.P.'S AND OFFICIALS TO DECLARE LOYALTY TO STATE

Belfast, July 8.—The Ulster bill providing for repeal of proportional representation in local Government elections was sent to-day to the Viceroy, Viscount Fitzalan, for signature.

Declarations of fidelity to the Northern Government by members and officials are required under the bill. These must be made within a month from the date of assent, otherwise the seats or posts are to be declared forfeited.

\$275,000 FOR MINE. Timmins, Ont., July 8.—Another big mining deal was closed this week in the Porcupine district when the Rochester property was taken over by the Canadian Gold Mines Company, made up of British and American capitalists. The purchase of this property involved a total of \$275,000.

## To Save B. C. Forests From Flames, Pattullo Orders Logging Halt

**"The present situation is extremely critical," Chief Forester Caverhill reported to the Hon. T. D. Pattullo, Minister of Lands, this afternoon.**

**"The fires at Comox, Campbell River and Myrtle Point threaten to clear everything before them."**

Special proclamation by the Lieutenant-Governor was issued this afternoon calling for the cessation of all logging operations in the Vancouver and Island district.

This step was taken by the Hon. T. D. Pattullo, Minister of Lands, in an effort to halt the progress of forest fires which are devouring millions of dollars of timber in all parts of the country and are now eating their way into the belts of the finest and biggest Douglas fir and cedar on the coast.

By the proclamation upwards of several thousand men employed in some three score camps, according to the estimates of G. R. Naden, Deputy Minister of Lands, will be released from their regular duties and be turned to conquering the oncoming flames.

Many logging companies have already abandoned work and turned all their crews to fire fighting. Every operation in the woods during this dry weather increases the fire hazard, such as from donkey engines and other machinery, Mr. Pattullo explained.

All logging operations are banned by the proclamation except booming and towing.

The operations will cease until the fire hazard to British Columbia's standing timber has abated.

Area Affected. The district affected by the order includes all of Vancouver Island and the Mainland Coast from the International Boundary as far north as Ocean Falls.

The action taken by Mr. Pattullo to save the B. C. standing timber is similar to that taken by Governor Louis Hart, of the State of Washington.

Numerous forest fires now raging in the Vancouver forest district combined with the unprecedented conditions existing by reason of long periods of warm growing weather, life and property," said Mr. Pattullo.

"Logging operations now being (Continued on page 2.)

## HEAVY GRAIN YIELD IN SASKATCHEWAN

**Excellent Prospects in Greater Part of Province**

Regina, July 8.—With the exception of the territory from Saskatoon west for about 100 miles, a heavy yield from all grain crops in Saskatchewan is forecast in reports received by the statistics branch of the Department of Agriculture from field correspondents.

Telegrams filed by the agents of the branch from all points of the province state that the weather of the last week has been ideal for good growth, that little loss has been suffered from pests and that prospects are the best in years.

All over the south country, with the exception of a few isolated spots, moisture has been plentiful and the wet spell has been interspersed with periods of warm growing weather. The central and west-central areas are the only ones that do not look for heavy yields. There have been some local rain showers in these territories also, but they have been scattered and the field men say that in some localities there has been no rain, while in others for a period of four or five weeks. As a result, crops are already heading out on short light straw, and the yield will be very low.

Rye. The rye crop in southern and far northern Saskatchewan is going to be heavy. Cutting has already commenced in many sections. Over practically the whole area wheat is in the shot blade and is commencing to head out.

## SAYS AMERICANS MURDERED BY TURKS

**American Engineer in London After Investigation**

**Believes Brother and Others Were Killed**

London, July 8.—Americans are being secretly murdered by Turks in Asia Minor and reports then circulated that they died of typhus and other diseases, according to J. Herbert Knapp, a civil engineer of Los Angeles, who has arrived here from Constantinople after three years in the Turkish interior. Mr. Knapp went to Ankara, principally to investigate the death of Diarbekir's brother, the late George P. Knapp, who the Turks reported had died suddenly of typhus. He declares that his own investigation, supported by affidavits on file with the consular Hagdad, convinced him that his brother was executed by shooting.

Knew About Massacres. "The Turks hated my brother," said Mr. Knapp, "because he knew too much about the massacre of Christians which was then in progress. It was generally reported that he had died from poisoning after drinking a cup of Turkish coffee handed to him by a prominent Turkish official, but I am confident from testimony given by those who lived near the scene of his death that he was deliberately murdered."

"I believe also that other Americans who died in Turkey recently met their deaths at the hands of Turks, although in each case it was made to appear that death was due to natural causes."

## TO IMPROVE LOT OF THE INDIANS

**Federal Director of Indian Education Visits B. C.**

Vancouver, July 8.—Increased education and greater development among the Indian population of Canada are the new policy of the Federal Indian Department, it was announced by Russell T. Perrier, superintendent of Indian Education for Canada, a visitor on this coast from Ottawa.

This year's budget included \$1,200,000 for the Indians of Canada, over last year's estimates," he said. "This is considered to be particularly large in view of the rigid economy in other Departments, and indicates the attitude of the Government towards the original residents of Canada."

The Indians are not dying off, as the common belief. During the past sixteen years their population has not decreased, in spite of the heavy death lists in certain sections of the country."

Mr. Perrier, who left here for Seattle, will visit Victoria.

## Merville Is Wiped Out; Hundreds Flee as Flames Rush On

**Hope of Controlling Fires in Comox Area Almost Abandoned; Premier Oliver Promises Prompt Measures to Restore Soldiers' Settlement.**

## No Probability of Rain to Stop Fires

There is no immediate probability of rain which would halt the forest fires sweeping Vancouver Island and coast districts, according to F. Nasier, Denison, Superintendent of Gonzales Observatory here. A drop of the barometer last night made Mr. Denison hope that rain would fall on the Coast to-day, but this morning the barometer rose again. Rain, however, has fallen in the Okanagan district and in parts of Kootenay, while the country about Calgary was soaked with a rain of one inch and a half, the second downpour there within two weeks.

(By Times Correspondent) Courtenay, July 8.—With the town of Merville almost entirely wiped out, and with settlers from surrounding districts hurrying to Courtenay for safety, attempts to control the forest fires which are still sweeping through this district have been almost abandoned. Efforts now are being concentrated on the care of the refugees, following an announcement by Premier Oliver here yesterday that the Government would take prompt measures to restore the Merville settlement.

Fire is still burning fiercely at Merville, and latest reports are to the effect that thirty houses have been burned and the total loss is estimated at \$75,000. Efforts to place the fire under control have been almost abandoned, as the whole town is practically wiped out. Efforts are being made to save as much personal property as possible.

Residents of Little River and Kittycomb, settlements in the vicinity of Courtenay, have been warned to flee, and they are coming into Courtenay by the scores with burning loads of salvage.

The fire is burning fiercely in almost every direction, but it is believed that Courtenay is not in danger. No further loss of life has been reported.

The full crop of losses at Merville to-day is 20 houses and barns burned and 26 cows burned so badly that they had to be slaughtered in addition to many horses and other domestic animals. It is safe to say that a hundred people are homeless. Most of them escaped with their bare lives, a woman who had taken off her shoes had no time to put them on again, so found the spread of the flames, and she went out with the hot ashes burning her stockings feet.

To-day the cyclonic wind which the great fire creates is still raising the flames into renewed fury, the main centre of destruction from fires having been burned out. In various places. This has caused much inconvenience to the city, stiff regulations being imposed upon the residents in order to save the supply of water, which is getting dangerously low in No. 1 reservoir. No. 2 reservoir is at the present time empty.

Another large loss from bush fires occurred yesterday at Mt. Benson of the new Ladysmith Lumber Company when two donkey engines, logging equipment, and a large stock of lumber were destroyed, entailing a loss of several thousand dollars.

At Cowichan Lake. With the dropping of the wind (Thursday night) which the fire situation in the Cowichan Lake district is reported as much less critical to-day. All fires are now actually under control, but another burst of wind, it is feared, would cause them to flare up again.

The worst fire in this district was south of Courtenay, where a logging camp of the Canadian Puget Sound Lumber and Timber Company. Large numbers of men brought this out-fires, and the logging camp was broken up yesterday, and the Company is now operating its regular service to the lake. The automobile road is now open.

At New Fire Found. A new fire was discovered on Cowichan Lake some five miles west of the narrow yesterday. A serious fire also is raging in the North Arm of the lake, where the timber which the Genoa Logging Company is cutting there. Crews of the Hemmingsen camp on the south side of the lake are busy fighting a fire there. No fires on the lower part of the lake are reported.

Loggers operating at the lake declared to-day that the would continue operations until after rain had relieved the present situation. "Never in my experience have I seen the woods so dry. One fire, Hemmingsen, head of the Hemmingsen camp, who motored down from the lake last night, the smallest spark will start a fire now. One fire, indeed, is supposed to have started from the friction of a logging line run through the woods. The only thing to do is to stop logging until it rains."

Loggers Fight Flames. At present, of course, most of the camps are idle, with their crews fighting fires. Fire wardens yesterday gathered together all the idle men they could find and took them up the lake to fight the new fire. This outbreak, it is thought, was caused by careless campers, as there are no logging camps in the vicinity.

Information gathered from all along the coast indicates that the situation to-day by General Superintendent H. E. Beasley showed that the situation for the present at least is satisfactory. Except for the burning (Continued on page 2.)

## SETTLERS ARMED AROUND COUTENAY

The fire is still running more slowly, but there have been losses at Merville, where a band of fire fighters are endeavoring to save John Crockett's homestead and prevent the spread of the flames into Dove Creek settlement.

It is they will be successful as long as the wind does not rise to the terrible fury of Thursday night. If it does rise nothing on earth can stop the flames.

All refugees, and they number well over 100, now have been taken care of in Courtenay in private homes. A women's committee is taking over the distribution of food and clothing, and a relief kitchen is going night and day in the Agricultural Hall.

Relief Measures. Food has always been forthcoming but clothes have been scarce until this morning, when from Nanaimo and Duncan G.W.A. and from the Provincial Government they began to pour in. Urgent need in future will be cash contributions to put the settlers back on the land.

Yesterday afternoon Premier Oliver and the Rev. Thos. Menzies, M.P., met the relief committee in the City Hall, and the Premier made certain promises. He said that he and the Government would do all in their power to give relief, that a Provincial official would be sent up to co-operate with the city, that Colonel Knapp would be sent up to meet the settlers, and, if they wanted to go back, they would be put back in the position they were before the fire.

The refugees who have been brought into Courtenay are being taken care of by friends here. The full list of those who have lost all or nearly all by the fire is as follows: A Macdonald, barn burned; Knapp, house, every thing burned; Librice Smith, everything burned, ir-

## MEDICAL MEN MEET IN SPOKANE

Professor of Harvard University Addresses Physicians

Spokane, July 8.—Disease prevention as opposed to curative processes is getting a stronger hold each year on the medical profession, according to Dr. Henry A. Christian of the Harvard Medical School, in attendance at the Northwest Medical Association convention here.

Dr. Christian reports that Harvard now has a department of public health and issues diplomas in the department as well as others. He added that as many students are being turned away from Harvard each year as are admitted because of lack of accommodations.

The following ticket has been nominated by the executive committee of the association for election by the convention: Dr. J. Earl Elze, of Portland, president; Dr. Alexander S. Munro, Vancouver, 1st vice-president; Dr. J. B. Tree, Salt Lake City, second vice-president; Dr. Fred. J. Spokane, secretary-treasurer, and Dr. A. Matthews, Spokane, councillor.

## TO SAVE B. C. FORESTS FROM FLAMES, PATULLO ORDERS LOGGING HALT

(Continued from page 1)

carried on in this district are in imminent danger of increasing the hazard.

"It is in view of this emergency which has thus arisen that the proclamation has been issued calling upon all persons, firms and corporations prosecuting or in charge of logging operations within the district to forthwith cease the carrying on of logging operations, except such operations as are confined to towing and booming until by the occurrence of sufficient rains the fire hazard has been so far diminished as to make the carrying on of logging operations safe."

Timber men have been meeting in Vancouver to-day to see what can be done to arrest the havoc being wrought by the fires in the valuable timber of this Province.

P. Z. Caverhill, chief forester, went to Vancouver last night where he attended conferences to-day.

Report to Mr. Pattullo to-day covering the period of this week up until last night, reported the outbreak of 291 additional forest fires in the Province. This does not include the fires which were burning before this week, and are still going.

Many Fires So Far

The total number of fires so far this season is 1,038, which sets a record, forest officials said this afternoon. Of this total for the Province, 388 have been on the Lower Mainland and Vancouver Island.

The Government fire fighting forces in every part of the Province are working at maximum pressure. Many of the men are completely fagged out as a result of the strenuous work they have been up against.

District men have orders to take on all the men necessary most effectively to cope with the fire which they are battling.

Aeroplane are being used to run pumps and supplies to the fire-fighting forces in various parts of the country.

So far, the Government has spent \$90,000 in fighting fire to protect the forests.

While the Forest Branch officials were busy to-day superintending the battle in the part of the Province, a report reached Mr. Pattullo through Chief Forester Caverhill that the situation in the Prince George district is now becoming very serious, with hot, dry, windy weather during the last few days and no rain of any consequence for the last fifty days.

"Recent fires caught and controlled now are breaking out again; conditions grave," said to-day's message from Prince George.

## ADMIRAL STATES CONTINUED PEACE LEADS TO WAR

Montreal, July 8.—Admiral Sir William Pakenham, commanding the British North Atlantic Squadron, speaking at a luncheon in his honor given by the Montreal Board of Trade yesterday, said peace and war could not be separated.

"A continuance of peace," he said, "inevitably leads to war, just as a state of war inevitably leads toward peace."

## MERVILLE IS WIPED OUT; HUNDREDS FLEE AS FLAMES RUSH ON

(Continued from page 1)

of half a mile of telegraph poles on the Cowichan Lake line, fifteen miles west of Duncan, the company has suffered no loss, Mr. Beasley said. The fact that there had been scarcely any serious fires on the line showed, Mr. Beasley declared, that railway could not fairly be blamed for causing outbreaks.

Rifle Range Safe. Healy's Rifle Range, which was threatened by the Prospect Lake fire yesterday was out of danger to-day when fire fighters completed a fire trail from the north end of Mud Lake east to Young's ranch, and were met there by soldiers, who had cut a trail westward. This held the flames at Young's ranch, three-quarters of a mile south of the range.

Toward the close of yesterday the rifle range was threatened with the advance of the fire from the Prospect Lake district. The flames are being fought by over 100 men, and many of the fighters have been on the job for two days and two nights. The military are sending additional men from Work Point Barracks, and this aid is invaluable, it is stated, as the fire fighters are exhausted. All firing on the range has been stopped, and the entire military encampment nearby are aiding in opposing the spread of the menace.

Chief Inspects Fire. Fire Chief Vernon Stewart made a special trip to the fire on the Spanish Peninsula on Thursday, and reports that at that time the rifle range at Healy's was not in danger, but that the fire was near at hand. The interurban tracks are some five hundred feet away from the blaze, and not in much danger it is thought. A strong wind would add materially to the apprehensions of the fire fighters, while even a slight rain would make the risk of further damage considerably less, it is said.

Sea Fire From Air. Making a special reconnaissance with a view to finding out to what extent new fires were starting, W. H. Brown, M.C., pilot-instructor for the Chinese Commercial Aviation School at Esquimalt this morning, flew East along the Spanish Peninsula from Esquimalt and as far as Duncan. The return flight was made over the east coast about Finlayson Arm.

A new fire was spotted at Joseph Mountain, Finlayson Arm, and this was reported by the pilot to the Forestry Department at the Parliament Buildings. Mr. Brown was thanked for his services, and in return professed every aid in his power in connection with aerial reconnaissance of the fire situation on the lower part of the Island.

Flying Boat Over. The P3 flying boat from the B.C. Air Station was flying over the Island at an early hour this morning, having effected a comprehensive tour of the fires. Pilots were seen machines reported that smoke so hindered the vision that exact summing up proved difficult.

Relief Work. Mrs. Harold Fleming, chairman of the Victoria branch of the Canadian Red Cross Society, states that the following donations went forward to-day for the relief of Merville sufferers:

Smith & Champion—Twelve pairs blankets and six pillows.

Hudson's Bay Company—Six pairs blankets and one dozen towels.

Angus Campbell & Co.—Women's

and children's clothing of all descriptions.

Murray's Shoe Store—Two pairs men's boots.

Mutrie & Sons—Three pairs men's shoes, eleven pairs women's shoes and seven pairs children's shoes.

W. & J. Wilson—Twelve shirts, twelve pairs men's overalls, twenty-six pairs socks and eleven caps.

N. N. Harvey—Three caps, seven shirts and men's underwear also packing cartons which were delivered by the Bell Telephone Messenger Service.

Stearns Young—Lady's hat and stockings.

Gordon Drysdale.

G. A. Richardson.

J. H. (Mickey) Richardson.

Dominion Express is shipping the cases of clothing free of charge.

Reliable Messenger Service delivered packing cases free of charge.

David Spencer—Credit slip, \$50.

F. W. Jones, \$25.

The relief work for the Red Cross Society.

GERMANS ARE ASKING LONG TIME FOR THEIR PAYMENTS IN CASH

(Continued from page 1)

that should the mark remain where it is to-day or go lower, it would not be surprising if Germany should ask some sort of delay.

The Allies, it was said, were in constant touch with the situation.

LONDON PAPERS DEAL WITH CONDITIONS

London, July 8.—The collapse of the German mark, which is featured by the newspapers this morning, is accompanied by reports that Germany will be unable to meet her July reparation payment, due a week from to-day.

The plight of the European, exchanges in general calls for some gloomy comments.

Paish's Views.

The noted financier Sir George Paish, who belongs to that section here which condemns France's attitude on the reparations question, has an article in The Westminster Gazette to-day, in which he says that the Allies, particularly France, deliberately chose a policy intended to prevent the recovery of Germany and that the very success of their policy is proving their own undoing.

Sir George contends that the situation is rapidly moving toward complete destruction of the value of the German currency.

Position of France.

"Probably no country will suffer more than France from this disaster," he adds, "as it means that Germany probably will be unable to pay reparations whatever."

The financial destruction of Germany means the financial destruction of Europe for an indefinite period, it would, indeed, be the irony of fate should France become bankrupt because she demanded more than it was possible to obtain.

"It is not true the European policy toward Germany was reversed and effective steps taken to preserve the European nations from the consequences of the disastrous policy hitherto pursued."

MAKE PRESENTATION

Members of the survey office staff at the Parliament Buildings, this afternoon presented, Archie A. Watt with an armchair and the best wishes on account of his marriage which is to take place immediately.

The presentation was made by J. E. Umbach, Surveyor-General for B. C.

SALE OF BEER IN ONTARIO SUGGESTED

Windsor, Ont., July 8.—Hotel keepers of Ontario are pressing for an amendment to the Ontario Temperance Act to allow for the sale of five and nine per cent. beer over bars, according to Edgar Watson, of Toronto, chairman of the special Government committee, which is investigating the hotels in the province.

STEWARTS AND STUARTS IN CONTROL

London, July 8.—The Stewarts and Stuart were in control of affairs at a brief session of the Presbytery of London yesterday.

Rev. Robert Stewart of Dutton, Moderator, presided, with Rev. J. C. Stuart of London as clerk. Dorchester and Crumlin churches extended a call to Rev. Dr. Stewart of Alexandria and it was sustained on motion of Rev. J. Stewart, Moderator of Dorchester and County Clerk John Stuart of London.

It is understood Mr. Stewart is to accept the call, which includes \$1,800 a year and a manse.

## NEARING FINALS IN TENNIS MEET

Cowichan Tournament Is Progressing Towards Close

The latest results in the semi-finals of the Cowichan lawn tennis tournament are as follows:

Ladies' singles—Miss Lawson beat Miss M. Leeming, 7-5, 6-3. This puts Miss Lawson in the finals versus winner of Mrs. Lee Knox and Mrs. Hicks.

Men's singles—N. T. Corfield beat W. E. Christman, 6-1, 6-2. This puts Corfield in the finals versus the winner Westwood (Vancouver) and W. E. Corfield (Vancouver).

Men's doubles—N. Corfield and Kingston in the finals versus winner W. E. Corfield and Christine versus Smythe and Lomas.

Ladies' doubles—Mrs. Hicks and Miss Stillwell beat Misses Jay and Wilson, 6-1, 6-1. This puts them in the finals against winners of Mrs. Shure and Miss Robertson versus Mrs. Leeming and Miss Leeming.

Mixed doubles—Miss Lawson and Westwood versus Miss Hicks and N. Corfield. Mrs. Shure and Kingston versus Miss Stillwell and W. E. Corfield.

OBITUARY RECORD

There was a large attendance at the funeral of Mrs. John Stewart yesterday and many beautiful floral tributes covered the casket and hearse, showing the high esteem in which she was held. The following acted as pallbearers: Wm. Murray, Alexander Murray, Archibald Murray, Andrew Murray, Robert Murray and Frank Stevens. The interment took place in Ross Bay cemetery, Rev. A. de B. Owen officiating.

The remains of the late Peter S. Macdonald were buried yesterday afternoon. Service was held at the Thomson Funeral Home, 1625 Quadra Street, Rev. Samuel Cook, of the Fairfield Methodist Church, conducted a very impressive service. The following acted as pallbearers: G. Kirk, H. C. Engelson, J. Northey, H. Roberts. Interment was made in the family plot at Ross Bay cemetery.

The remains of the late Jane Ann Cull will be laid to rest on Monday afternoon. The cortege will leave the Thomson Funeral Home, 1625 Quadra Street, at 3 o'clock, proceeding to St. Mary's Church, Oak Bay, where the Rev. Col. Andrews, M.A., will conduct the service at 2.15 o'clock. Interment will be made in Ross Bay cemetery.

The funeral of the late Mrs. Irma Sherwood, who passed away at the Royal Jubilee Hospital on Thursday evening, will be held from the Thomson's Funeral Chapel at 2.15 p.m. on

Monday, July 10, at 2.15 p.m. on Monday afternoon. The cortege will leave the Thomson Funeral Home, 1625 Quadra Street, at 3 o'clock, proceeding to St. Mary's Church, Oak Bay, where the Rev. Col. Andrews, M.A., will conduct the service at 2.15 o'clock. Interment will be made in Ross Bay cemetery.

MARRIED IN ITALY

Portland, Ore., July 8.—Arno Dosch, Fleuret, noted special correspondent

in Northwestern Europe, has announced his marriage to Ania Sredinsky, formerly of Petrograd, in a letter received by his parents, Col. and Mrs. Henry E. Dosch, of this city. The ceremony took place May 11 at the Grand Hotel de Genes in Genoa, Italy, and among the guests were Frank Vanderlip, New York banker; Lincoln Steffans, well-known journalist; Jo Davidson, American sculptor, and Charles Smith, a former Portland.

SUGAR UP A QUARTER

Following an advance of 25c, sugar is now quoted retail at \$7.75 a 100, according to the local retail market to-day. The advance comes in the middle of the berry preserving and jam-making season, when the sugar traffic is particularly heavy.

WOMAN JUMPED FROM TRUCK; DIED

Hamilton, Ont., July 8.—Mrs. I. Morganti, of this city, 38, died last evening of injuries she received on the Toronto-Hamilton highway yesterday. She was being driven in a truck by a farmer with a party of berry pickers and was sitting in the front seat. The car blew off the radiator, alarming her so that she jumped from the truck, receiving injuries that proved fatal.

TORONTO, ONT. December 20, 1921.

Canadian Daily Newspapers Association, 902 Excelsior Life Building, TORONTO, Ont.

Dear Sirs:—

Having been consistent users of daily newspaper space in our advertising for many years, it affords us pleasure to say that we have found the results very gratifying.

In our opinion two of the main points of effectiveness in daily newspaper advertising lie in its directness and the means it affords of launching a selling campaign with the least possible delay.

The advertising of musical products in the main must be addressed to a public with the widest diversity of taste. In reaching this public with maximum selling force we have at all times found satisfaction in the employment of the daily press.

Canada is fortunate indeed in being served by daily newspapers which are clean, wholesome and progressive.

Yours very truly,

AEL/OIC

This company has found the daily newspaper a constant, practical force in distribution, and a swift-striking ally in taking timely advantage of a notable event in local music. No other advertising in the world can be changed when how and as quickly as such a business house requires. No other can reach many diverse tastes through the one which all men have in common, hunger for the news of the day.

Issued by The Canadian Daily Newspapers Association, Head Office, Toronto.

## The Price of Tea,

due to under-production and largely increased consumption has risen to the highest level in years. To maintain "SALADA" Quality in our popular Brown Label Blend we have been forced to advance the price to 65c per pound. However, prices of—

BLUE, RED AND GOLD LABELS ARE UNCHANGED

# "SALADA"

TWENTY-FIVE YEARS AGO TO-DAY

Victoria Daily Times, July 8, 1897.

Wheeling, W. Va., July 8.—Yesterday morning, armed with pick handles and clubs, the striking Wheeling and Lake Erie miners at Long Run proceeded to Gilsonville and forced the working miners to come out on strike. Back of Bellair two railroad miners are working at the rate demanded by the miners, 60 cents, but the striking miners elsewhere are determined that the men shall not work these mines until the strike is settled.

London, July 8.—Greco-Turkish affairs appear to be re-entering an interesting stage. Yesterday the Porte dispatched a circular to the representative abroad containing a skilful defence of the Turkish case, and declining to consider any frontier line of the Turkish case of the river Pencios, which it regards as the natural boundary.

The members of the Municipal Court of Revision for 1897 last evening completed their labors, and as a result the assessment of land in Victoria is \$36,395 less than fixed by Assessor Northcott, and improvements \$41,250 less. The total assessment of land within the city is this year, after revision, amendment and equalization, \$10,991,346.

Tuesday, Interment will be at Ross Bay Cemetery, where the Rev. (Col.) G. H. Andrews will officiate.

## PATHFINDERS WHO CONQUERED B.C. WILDERNESS

C. W. NEIMEYER, S. J. SILVERTHORNE AND THEIR GUIDE, CHARLES NELSON who, driving an Overland automobile, recently made their way from Edmonton to Victoria over old tote roads, abandoned railway grades and the ties of existing railways and reached here after hardships and adventures—the first party to make the journey by an all-Canadian route.

—Photograph by Goodenough.

# At the Theatre

## CAPITOL

These are the days of big casts—that is, big in size—as indicated by the notable players who appear in Ethel Clayton's picture, "For the Defence," adapted from Elmer Rice's play by Bouleau Marie Dix, in which Vernon Steele plays the leading man's role. ZaSu Pitta, a talented young actress is seen as Jennie Dunn, while Bertram Grassby, a specialist in heavy, is cast as Dr. Kasimir. Maym Kelso, a character actress and comedienne of wide experience, plays the role of the character actress with a big following and Mabel Van Buren, formerly a great favorite on the speaking stage, completes a powerful roster of players. Paul Powell, who directed Miss Clayton in "The Cradle," was the director.

## DOMINION

"Lo, the poor Indian," is often a misnomer these days. Chief Big Tree, an Iroquois and a native of Buffalo, New York, lives very comfortably and has saved money out of his earnings by appearing in motion pictures. He is seen this week in support of Betty Compson and Tom Moore in "Over the Border," the Paramount picture now showing at the Dominion Theatre.

## ROYAL VICTORIA

J. Searle Dawley, who directed the production of the already famous Fox special, "A Virgin Paradise," now running at the Royal Victoria Theatre, is known in the producing field of the motion picture world as "the man who never gets excited." On the hottest days, working under the most trying circumstances, with some of his company on the verge of hysteria and others near collapse, he has continued his skillful direction of scene after scene with-

## ELECTION SOON IN AUSTRALIA

**Movement to Replace Hughes As Premier**

**Gold Claims Staked in New South Wales**

(Times Correspondence)

Melbourne, July 7.—Attempts are being made in the Nationalist Federal Party in Australia, the party which formed itself during the war of "Liberal" Laborites in order to carry out the "policy" of the Prime Minister, Rt. Hon. W. M. Hughes, ostensibly on the ground that he is growing so dictatorial that it is impossible for the Government to carry on its work. Mr. Hughes' health is unsatisfactory at present and he is touring the country and at the same time, it is said, "feeling out" the political situation.

The leader of the Liberals, Mr. Watt, has criticized Mr. Hughes severely for allowing the resumption of trade with Germany. Australian manufacturers fear German goods because they are so cheap and they are rallying to the Liberals with the idea of breaking up the coalition.

An early dissolution of Parliament is anticipated.

**Gold Rush.**

New South Wales is experiencing a new gold rush. Camelebo, in the interior of the state, where in former times gold was fairly plentiful, has become the centre of interest through the discovery of a large reef of gold bearing ore averaging ten ounces to the ton.

There has been a Klondike rush to the new field and already there are hundreds of claims staked. The discovery was made by an old prospector who had lived in the neighborhood for many years and who always believed that the surrounding country was rich in paying ore. He secured a fine claim and has been working on the spot but refused to take it.

The Government is investigating the field but the wild stories in circulation that a new Klondike has been discovered are not to be credited at the present stage of knowledge of the field. There is held there unquestionably in considerable quantities of the minerals.

**Crossing Australia.**

Accompanied only by his favorite dog, "Dinkum," the well-known Australian explorer, Francis Birtles, has accomplished a three-quarters of his 6,000-mile journey across Australia from Perth to Cape York, in the Northern Territory.

The Northern Territory, despite its great heat, was an immensely rich country and suffered only from governmental mismanagement, he said. As for the interior of Australia, great sections of which he had explored by motor car, it was anything but a desert. Some of the best cattle ranching country in the world was to be found there.

**Banished Men Escaped.**

Banished to a lonely island in New Caledonia for some secret political reason, two French prisoners escaped from the French steamer El Kantara, while she was in harbor at Sydney.

Much mystery attaches to the personalities of the prisoners. They were brought with great secrecy and in disguise from France, where they had been sentenced by a military court for offences committed in the war.

One report stated they were Bolsheviks, but all the guard would say was that they were military offenders.

Extradition proceedings may be necessary to get them back on the French steamer that is to take them to the penal settlement in New Caledonia.

**ALBERTA PROVIDES SELLS BOND ISSUE**

Edmonton, July 8.—After considering revised tenders submitted, the Alberta Government last night accepted an offer of a syndicate composed of Wood, Gundy & Co., of Toronto, the Dominion Security Company and Belton, Read & Co., of New York, for the entire issue of \$2,500,000 worth of provincial bonds at a price of \$91.4, there to be payable in five years with interest at 5 1/2 per cent.

Payment will be in United States funds at Toronto delivery.

All offers were made in private after the Government had rejected the open bids made Thursday.

Premier Greenfield and Deputy Provincial Treasurer Newson were highly satisfied with the results of the sale, in view of the unfavorable state of the bond market.

**SASKATOON SCHOOL INSPECTOR DIED**

Saskatoon, July 8.—After four months of serious illness and a series of dangerous operations, J. E. Coombs, fifty-nine, Inspector of Schools in the Saskatoon district and a prominent educationalist, died yesterday afternoon.

Mr. Coombs had been inspector for this school district for more than ten years, and was previously principal of schools in Hanover, Ont., and Gravelly, Sask. A widow and one son survive him.

## PREPARE TO PAY WAR DEBT INTEREST

**British Will Meet Obligations to U.S., Says Sir E. Walker**

Toronto, July 8.—Sir Edmund Walker, president of the Canadian Bank of Commerce, returned to this city yesterday afternoon after a three-day visit to England and the Continent of Europe, during which he paid particular attention to the economic conditions prevailing there.

Sir Edmund passed much of his time in France, and has formed decided opinions on the labor conditions in that country.

With regard to war debts, Sir Edmund said there was no feeling among serious minded people in England that the United States would remit their loans and preparations were being made to pay off the interest. It was really marvelous, he said, that the United States should be so quiet and yet purposeful way the nation was shouldering this huge burden.

Asked as to his personal opinion on the question of all debts, Sir Edmund said that the cancellation of them all would be in the best interests of the world. Many leading bankers in the United States resented this, but the bulk of the farmers in the Middle West could not be educated to the point. Their only point of view was that it was a debt and must be paid.

**CALGARY WELCOMED GOVERNOR-GENERAL**

Calgary, July 8.—Governor-General Byng concluded his four-day visit in Calgary last evening with a call at the club rooms of the G. W. V. A., where he talked informally to the veterans for more than an hour. At noon he was the guest of the Kiwanis Club and in the morning he reviewed boy scouts at the exhibition grounds. More than 10,000 children were there to see the Governor-General and they cheered him as he spoke to the scouts.

Last night Calgary was drenched in rain and the Governor-General and party were taken about in closed cars.

**INDIAN CHIEFS MADE PROTEST TO GOVERNOR-GENERAL**

Calgary, July 8.—Thirteen Indian chiefs of the Blackfoot Reserve met the Governor-General at the G. W. V. A. Club Rooms here last night and told him that conditions were not satisfactory for them on the reserve. Lord Byng said he would endeavor to get the matter to the attention of the Government.

**KILLED IN STREET.**

Toronto, July 8.—In Canada only six weeks and contemplating bringing his wife and three children to this country in a month's time, George Condon, aged 28, this city, met a tragic death last night when he was instantly killed by a motor truck belonging to the Toronto Transportation Commission.

**BUSINESS FAILURES**

Ottawa, July 8.—Notices of fifty-six assignments under the Bankruptcy Act are given in this week's Canada Gazette.

**DIED IN GERMANY.**

Berlin, July 8.—Baron von Schorlemer-Lieser died yesterday. He was Minister of Agriculture from 1910 to 1917.

**OVERWORKED NERVES**

The Most Successful Treatment is Through the Blood.

The early stages of nervous debility are marked by restlessness and irritability in which the victims seem to be oppressed by their nerves. As the trouble advances, common symptoms are a tired feeling, weakness in the knees and back, headaches, backache and sleeplessness. The matter requires immediate attention, for nothing but suitable treatment will prevent a complete breakdown.

The nervous system governs the whole body, controlling heart, lungs, digestion and brain, so that it is not surprising that nervous disturbances cause acute distress. For troubles of this kind, Dr. Williams' Pink Pills succeed where other treatment fails, for these pills make new blood, enriched with the elements on which the nerves thrive, and in this way reach the root of the trouble. In proof of this is the statement of Mrs. Dock-erill, Stratford, Ont., who says: "My daughter, Matilda, was suffering from nervous debility and the usual remedies did not seem to help her. I was advised by a friend to give Dr. Williams' Pink Pills a trial, and soon we found they were doing her a great deal of good. She complained of pains in the stomach, and a severe fluttering of the heart, with a general weakness. Under the use of these pills she continued to gain, and believe they have saved her from going into a decline."

You can get these Pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

## LAPORTE TO ATTEND LABOR CONFERENCE

**Canada May Also Send Murdock to Geneva**

Ottawa, July 8.—While Hon. Ernest Laporte is in Europe next Fall to attend the sessions of the Assembly of the League of Nations at Geneva, it is understood that he will be one of the representatives of the Canadian Government at the International Labor Conference which is to be held in Geneva, opening on October 18. Canada will have four delegates at the conference, two representing the Government, one the employers and one the employees. It is not yet decided who the second Government delegate will be, but it is possible that Hon. James Murdock, Minister of Labor, may go.

Mr. Laporte is also expected to represent the Canadian Government on the tour of the "Made-in-Canada" train through France, if present plans materialize. It is anticipated that he will address public gatherings in a number of French cities.

**NEW YORK-DETROIT PLANES TO CROSS SOUTH ONTARIO**

Ottawa, July 8.—Two American seaplanes which are to be permitted to fly over Canadian territory en route from New York to Detroit will not be allowed to pick up any passengers while crossing Canada according to statements made to-day by officials of the Air Board.

Permits were issued for the flight across Canada of two big seaplanes, which are to be flown from New York via Montreal and the St. Lawrence, but it is not expected that these machines will land in Canada except for the purpose of giving the pilots rest and for refueling purposes. The carriage of passengers and freight by air in Canada is reserved for Canadian-owned machines as far as possible.

**DEPARTMENTAL CHANGES AT OTTAWA**

Ottawa, July 8.—A further step in the re-organization of the defence branches under the act passed at the last session, to bring the army, navy and air force under one authority, the Department of National Defence, was taken yesterday with the removal of Air Board headquarters from its old location on Sussex Street to the Canadian Building, which is part of the military headquarters. The Naval Service staff was moved to the same building some months ago.

**FORCES IN PARAGUAY ARE FIGHTING**

Buenos Ayres, July 8.—Forces of the Paraguayan Government yesterday attacked the revolutionaries at Paraguay, headquarters of the rebel Government, says a dispatch from Asuncion.

According to Asuncion newspapers the Government forces have occupied Villaria.

**POLAND TO HAVE NEW MINISTRY**

Warsaw, July 8.—The Cabinet of Premier Arthur Sileski resigned yesterday, and the resignation was accepted by the Chamber. The Cabinet took office June 29, succeeding the Ponikowski Ministry, which resigned on June 6.

**THREE RESCUED IN BURNING FOREST**

Portland, July 8.—A fire patrol ranger and his wife and son were rescued from a blazing forest in eastern Tillamook County late Thursday night by the crew of a Southern Pacific train, which arrived in time to find the three persons fighting the walls of flame which had surrounded them, according to word brought here.

**HORSE KICKED AND KILLED A YOUTH**

Regina, July 8.—Ignace Zimmerman, 17, of Odessa, died in a hospital here from injuries received Wednesday when a horse kicked him in the abdomen.

His father, Diobolt Zimmerman, died two years ago at the farm when a barn he was repairing collapsed and crushed him to death.

Some years ago another child, two years old, was kicked to death by a horse.

**CONVENTION AT PARIS.**

Paris, July 8.—(Canadian Press Cable)—Professor H. Leduc, of the faculty of medicine of the University of Montreal, is representing Canada at the International Congress for Maternal and Infantile Protection, which opened here yesterday in the College of Medicine.

A Strauss, Minister of Hygiene, is presiding at the congress, and delegates from many countries are in attendance.

**EXCHANGE ADJUSTMENT.**

Berlin, July 7.—A surcharge on customs duties will be fixed in trade in accordance with the rate of dollar exchange, it was announced to-day. The rate will be adjusted weekly to conform with the foreign exchange conditions.

**HANGED HIMSELF.**

Port Credit, Ont., July 8.—Jack Lally, of Lakeview, committed suicide by hanging yesterday afternoon. Lally, who was 29 years old, was believed to have become temporarily insane as a result of shell shock overseas.

## GERMANS SELLING MONARCHY STOCK FOR NEW COUP

"Rich Returns" Promised to All Investing 1,000 Marks

Propaganda for "Good Old Monarchist Times" is Spread

Berlin, July 8.—Shares in a new reactionary venture—1,000 marks each and promising "rich returns"—are being offered by Bavarian peasants by the monarchist leader, Dr. Heim, and the peasants are responding liberally.

The offer is being made through secret letters from the Bavarian Christian Peasants' Union. It offers to organize monarchist clubs in the form of a company whose shares sell at 1,000 marks each.

The Christian Socialist newspaper Freivolk has exposed this scheme, but seems only to have advertised it further by so doing, for no action has been taken.

The monarchist movement, while not yet a menace to the republic, is becoming increasingly strong. As the mark loses value, propaganda for the "good old monarchist times" is daily finding fresh seedling ground, and Socialists of all hues are calling for action before it is too late. The Bavarian Monarchist "corporation" in its latest prospectus says:

"Subscribe now. Only 1,000 marks a share. Will bring rich returns. Best paying German investment. Buy a share in the Christian Peasants' Company and insure the return of a gallant, courageous leader for Germany."

Symptomatic of the same spirit is Field Marshal von Hindenburg's is-

success of a sort of ukase to the "Defenders of Deutschtum" on his departure from East Prussia. The Field Marshal, banking the East Prussians for their welcome, urged them to keep up their work as "the outpost of German culture."

The Independent Socialist organ Freivolk sees Germany as on the verge of another attempted monarchist coup.

**TRAIN CUT OFF MAN'S TWO ARMS**

Calgary, July 8.—With his arms cut off and one leg badly lacerated, James Smith, of Calgary, was found on the railroad track near Langdon, Alberta, yesterday afternoon. He was brought to a hospital here.

## NEWS IN BRIEF

**Parents-Scouts Meeting.**—The monthly meeting of the Fairfield Parents-Scouts Association will be held at the headquarters, Courtney Street, on Monday evening at 8 o'clock.

**Veterans to Elect Officers.**—The semi-annual meeting of the Veterans of France will be held in the club-rooms, Douglas Street, on Thursday evening at 8 o'clock. The business for the evening will be the election of officers.

**To Hold Meeting.**—A meeting of the conveners and committees assisting in aid of the Sailor's Home, will meet at the home of Mrs. Pooley on Monday evening at 8 o'clock to make final arrangements.

**Esquimalt Women's Institute.**—A general meeting of the Esquimalt Women's Institute will be held on Tuesday next at the parish rooms, St. Paul's Church, at 8 o'clock. Arrangements will be made for the forthcoming exhibition at the Canteen grounds on July 26.

**To Lecture To Girl Guides.**—Following the rally of the Girl Guides a definite course of instruction in sick nursing will be given them at the St. Margaret's School from July 19 to 23. Following the instruction Dr. Denton Holmes will give examinations on sick nursing.

**Gorge Dance Floor Open.**—The many dancers who have previously enjoyed dancing at the Gorge will be pleased to learn that the open-air pavilion at that popular resort has at length re-opened for the season after being closed for nearly a year, and that dancing will take place every Monday, Wednesday and Friday nights to the popular music rendered by Young's orchestra.

**Appeal for British Immigrants.**—At the recent meeting of the British Columbia and Yukon Church Aid Society in London, England, William Turnbull, who is acting for the Agent-General during Mr. Wade's visit to British Columbia, spoke on the question of the Province's natural resources and the need for population to develop them.

**Probated During Week.**—Probate in the estate of the late Henry Sutherland, who died at Sooke, B. C., on June 8, 1920, was issued in the Probate Court this week. The estate, realty, was valued at \$800. Before Mr. Justice Morrison in the Supreme Court Chambers yesterday no less than twelve probate applications were made, this being one of the longest lists dealt with at any single sitting of the Probate Court. The probates are pending.

**Cathedral Sunday School.**—A summer session for members of Christ Church Cathedral Sunday School, and other children desiring to attend, will open to-morrow morning at ten o'clock, in the cathedral school-room, Quadra Street, and be continued at the same hour on the Sunday mornings of July and August. The annual picnic will be held at the close of the summer session and before classes in the junior and senior divisions are resumed in September.

**Warning to Poultry Breeders.**—While removing poultry from an over-crowded crate at a city auction room on Friday, the Inspector of the S. P. C. A. found a full-grown bird still wearing a leg-ring. The ring, which was almost completely covered by the over-grown flesh was removed, but the inspector asks the persons putting rings on young birds will remember to remove them in due course.

**Police Still Search.**—Leaving the city last night, a posse of constables from the Provincial Police took up the search for Andrew Thompson, the missing camp cook, in the woods this morning. Up to noon no trace of the missing man had been found. A local motor party have reported to the police that while in that neighborhood a week ago the party saw a man, unkempt and roughly dressed, come out of the woods into a clearing. On seeing the party the man bolted back to the woods again. This report is being investigated.

**Welcome For Delegates.**—The soloists who are to take part in the entertainment at the luncheon to be given at the Dominion Hotel by the Retail Merchants' Association during their convention here have been announced as follows: Frank Sehl, L. U. Conners, Arthur Gora, and Bob Webb. Mr. Webb will lead the community singing, which will be a feature of the final banquet. Professor Heaton will accompany all selections while his orchestra will provide musical programme during the luncheon.

**Queen Alexandra Review.**—The regular monthly meeting of Queen Alexandra Review, No. 11, took place Thursday evening at K. of P. Hall, Commander Galbraith presiding. Four candidates were initiated into the Review. It was decided to hold a strawberry social and dance on the evening of July 14 at the home of Mrs. Wiltshire on Clarke Street. Mrs. Galbraith, Mrs. Wiltshire, Mrs. Hunt, Mrs. Maxwell and Miss Bayson were appointed as a committee to manage the affair. A good attendance of members and friends is hoped for by all members of the Review.

near Bellingham last night, according to a telephone message received here to-day.

WHOLESALEERS NOW  
REPORT IMPROVEMENT

Winnipeg, July 8.—(Canadian Press)—A continued improvement in orders received by wholesalers and a speeding up of production by manufacturers are satisfactory features in the weekly trade report of the Canadian Credit Men's Trust Association issued here.

From points in the East, such as Montreal, Toronto, Quebec and Brantford, advices all indicate a continuation of the gradual improvement in wholesale circles and a speeding up in manufacturing centres. Owing to continued rains, retail trade has been somewhat hampered. On the other hand, crops have benefited to a considerable extent, and this will be felt in the near future.

Winnipeg wholesalers are receiving orders in good volume, but smaller than might be expected. The situation might be characterized as one of "steady, close buying by retailers." Rains and cool weather are

## FUNERAL SERVICE

## FOR E. G. CROAGER

Many Show Respect for the Memory of English Musician

A most impressive memorial service for the late Edward G. Croager, of Amersham Common, Buckinghamshire, England, was held at Christ Church Cathedral yesterday evening. Mr. Croager visited Victoria in his capacity as Examiner for "The Associated Board of the Royal Academy of Music," and Royal College of Music, London, England. After a few days' work in this city, he was unfortunately stricken with illness, which, despite all efforts on his behalf, proved fatal, double pneumonia being the cause of his death.

The service was fully choral, and his co-examiner and friend from England, Dr. Haigh, presided at the organ. As the body was brought in to the church, Chopin's Funeral March was played. The choir then sang the solemn Psalm. Very Reverend Dean Quinton conducted the service, the lesson being read by the Reverend F. Gowenlock. Miss Kate Hemming, who knew Mr. Croager in England, sang "O, Rest in the Lord." The favorite hymn, "Abide With Me" was sung before the benediction. Handel's "Dead March in Saul" was played as the remains were taken from the Cathedral.

Although Mr. Croager had been in the city only a few days, he had made friends of all with whom he came in contact, and this was evidenced by the large congregation which attended the service. In addition to many teachers and pupils, there were representatives from the musical organizations of the city, the Ladies' Musical Club, and the Arion Club, as well as the Overseas Club. The casket was draped with the pall, and surmounted with a floral cross, from the Associated Board, a wreath of flowers from the choir of the Cathedral (Mr. Croager having attended the choir practice and addressed the members, this being his last musical act before being confined to his bed), and also a spray from the Ladies' Musical Club.

The Associated Board was represented by Dr. Haigh and Mr. Charlesworth, Honorary Local Representative. The deepest sympathy of students, teachers and friends from the City of Victoria was most evident. The funeral arrangements were in the hands of the B. C. Funeral Company, and the body will be sent to England for interment.

## LUMBER LOST IN STRAITS

Some 15,000 feet of lumber, comprising part of a shipment of 200,000 feet of cross-arms from Seattle, was lost through faulty stowage from a scow, towing across the Straits yesterday. The lumber was consigned to the Cameron Lumber Company, and the scow was in tow of the tug Superior.

In Police Court.—In a short session of the city police court to-day Eva Ouellette, charged on three counts, two of selling liquor and a third of being the keeper of a disorderly house, was remanded until Wednesday for hearing. Rene La Pointe, charged with being an inmate of a disorderly house, was remanded until the same date. Frank Higgins, K. C., will appear for the accused. It was stated, William Hitch, charged with being under the influence of liquor in a public place, was fined \$50. Sergeant Boulton and Constable Drever gave evidence as to the arrest.

everybody to get married."

## In Woman's Domain

### WOMEN HELP TO ADVERTISE CITY

Kumtuku Club Sends 300  
Picture Postcards to Big  
U. S. Convention

Unable to send a local delegate to represent them at the National Federation of Business and Professional Women's Clubs, which is holding its annual convention in Chattanooga, Tennessee, from July 10 to 15, the Kumtuku Club is being represented by Miss Hazel Goverlock, of Seattle, formerly of Victoria. Miss Goverlock will convey the Club's greetings and will also undertake the distribution of three hundred postcards of Victoria among the delegates. These postcards, which were supplied by the Vancouver Island Publicity Bureau at the request of the Kumtuku Club, are copies of a series of charming water-color drawings of Victoria, painted by the well-known artist Jacobus Semeyn, and their distribution should mean valuable publicity for the city, as delegates from all parts of the United States will be in attendance.

Evidence of the value of the convention as an advertising medium may be judged by the preparations which have been made by the various cities in the United States sending delegates. Bellingham is sending 1,000 hand-painted tulin placards; Seattle sends 1,000 Potlach "bug" whistles and 1,000 pieces of Potlach candy; Tacoma is sending 2,000 cedar fans and some pictures of Mr. Rainier; Hequiam is sending 450 gavel mallets from Gray's Harbor yew wood for the club presidents in the national federation; Wenatchee is sending 1,000 "Aplets," and so on from each locality. Idaho plans on featuring prunes, cherries and condensed milk, as well as its scenery and other attractions.

Oregon and Portland in particular, is planning an impressive publicity exhibit, as Portland is asking for the 1923 national convention. Portland is sending 1,000 metalized miniature Caroline Testout roses on long pins, with an attached ribbon bearing the inscription, "Portland, 1923." Postal cards featuring the 1921 convention will be distributed, and apples and candy will also be used as souvenirs.

### L.O.L. TO MARK BATTLE OF BOYNE

Twelfth of July Celebration at  
Saanichton

The Loyal-Orange Association will hold the twelfth of July celebration at Saanichton on Wednesday next. Tallboys will leave the Orange Hall at 10 o'clock and again at 11 o'clock for those who cannot leave in the morning. Arrangements have been made to convey picnic baskets to the grounds at the Agricultural Hall. There will be fast races, tug-of-war, and races for the children. There will be a series of addresses on topics dealing with the work of the Order. Rev. J. L. Barry will preside. Rev. W. C. Frank, Leonard Tait and several influential Orangemen.

The annual church parade will take place tomorrow to St. John's Church. The parade will represent the L.O.L., the L.O.B.A., L.T.B., and the Sons and Daughters of England, and an address will be delivered by Rev. F. A. P. Chadwick.

The parade will leave the Orange Hall at 6:45 o'clock, and the service will commence at 7:30 o'clock.

### CIVIL SERVANTS WILL PICNIC AT DEEP BAY SATURDAY

It has been arranged to hold the annual picnic of the Provincial Civil Service Association, Victoria branch, on Saturday, July 15, at Deep Bay. The programme of sports, including thirty-two events, is announced. Tables, hot water and ice cream are being provided. A dance will be given in the evening.

Tickets are now available and can be supplied by any of the following: Miss Hill, Agricultural Branch; Miss Carter, Land Settlement Board; Miss Service, Audit Branch; Mr. Burns, Land Branch; Mr. F. Davey, Livestock Branch; Mr. F. H. Hurley, Provincial Secretary's Department; Mr. Thompson, Water Rights Branch; Mr. F. C. Morris, Survey Branch; and Mr. Manson, engineer.

A holiday has been authorized to those wishing to attend the picnic.

Transportation will be by special cars on the B.C. Electric Interurban, the first leaving at ten o'clock.

### TO-MORROW'S BAND CONCERT

The Fifth Regiment Band concert tomorrow at Beach Hill Park, from three to five o'clock, by permission of Col. Robertson, will include the following programme:

March—Catalina ..... Lachner  
Overture—Turandot ..... Lachner  
Valse—Toujours Encore ..... Caplan  
Selection—Paul Jones ..... Planquette  
Mazurka—Ecclesia ..... Ganne  
Bourgeois's Song ..... Ganne  
Selection—Ermeline ..... Jakubowski  
March—On Guard ..... Loevy  
God Save the King.

Mr. and Mrs. H. R. Hammond entertained a number of their friends at a delightful dance last evening at their home at Metchoia. Prof. Heaton's orchestra supplied the music.

Mr. and Mrs. John A. Turner, accompanied by their son, Mr. Russell Turner and Mr. Bryce Wright, of the Uplands, are leaving to-day by way of Anacortes for a motor to Seattle and Bellingham.

Mrs. Macleod, of Richardson Street, has left for Nelson, where for the Summer months she will be the guest of Dr. and Mrs. Harry McKenzie, and it is the intention of Mrs. Macleod to spend the Winter in California with her daughters there.

After a few months' visit with his daughter, Miss Hanson, at Keating Street, announce the engagement of their eldest daughter, Ella Jardine, to Eric Powell, youngest son of Dr. and Mrs. W. J. Dawson, Newark, New Jersey, the wedding to take place in Victoria on the fifteenth of August.

### Attending Provincial Rally at Duncan

Mrs. Tyrrell-Godman, of Victoria, Vancouver Island Commissioner for Girl Guides

### Social & Personal

J. P. Murdoch, of Brandon, Manitoba, has joined his family at a Summer camp at Cordova Bay.

Mr. and Mrs. Howard Meakin, who have been on a motor tour of the Island have returned to their home in Vancouver.

Mr. Jack Forin, who has been the guest of his uncle and aunt, Rev. Dr. and Mrs. Campbell, Fort Street, has left for his home in Edmonton.

The Hon. Dr. J. D. MacLean and family have taken a cottage on Marchant Road, near Brentwood, for the Summer months.

Dr. Tillman A. Briggs, who recently left for Courtenay, has decided to remain there, and has taken over the practice of Dr. Millard.

Mrs. J. W. Hudson, Arnold Street, after spending a few weeks in Vancouver as the guest of friends has returned to Victoria.

Mrs. C. W. Cadmore and Miss Innes Bodwell left to-day for Vancouver to spend the week-end with their mother, Mrs. C. C. Cator.

The executive of the Municipal Chapter, L.O.O.F.E., will meet on Tuesday morning at the headquarters at 11 o'clock.

Mrs. and the Misses Leeming are the house guests of Mrs. Smith at Duncan during the Tennis Tournament.

Mr. T. H. Grant, of Port Alice, B.C., arrived in the city yesterday by S. S. Maquinna on a visit to his parents at 922-Fairfield Road.

Mr. R. W. Mayhew, of Beach Drive, with his son, Logan, and Master "Ginger" Hotham, left to-day for Cowichan Lake to spend the week-end.

Mrs. C. E. Thomas has rented Miss Mackay's cottage at South Pender Island for the Summer months, and with her little daughters left yesterday for the island.

Mr. George I. Dunn announces the engagement of his eldest daughter, Margaret Alice, to Harold Arthur Beckwith, son of Mr. and Mrs. John L. Beckwith. The marriage will take place on August 2.

Mr. and Mrs. H. R. Hammond entertained a number of their friends at a delightful dance last evening at their home at Metchoia. Prof. Heaton's orchestra supplied the music.

Mr. and Mrs. John A. Turner, accompanied by their son, Mr. Russell Turner and Mr. Bryce Wright, of the Uplands, are leaving to-day by way of Anacortes for a motor to Seattle and Bellingham.

Mrs. Macleod, of Richardson Street, has left for Nelson, where for the Summer months she will be the guest of Dr. and Mrs. Harry McKenzie, and it is the intention of Mrs. Macleod to spend the Winter in California with her daughters there.

After a few months' visit with his daughter, Miss Hanson, at Keating Street, announce the engagement of their eldest daughter, Ella Jardine, to Eric Powell, youngest son of Dr. and Mrs. W. J. Dawson, Newark, New Jersey, the wedding to take place in Victoria on the fifteenth of August.

After a few months' visit with his daughter, Miss Hanson, at Keating Street, announce the engagement of their eldest daughter, Ella Jardine, to Eric Powell, youngest son of Dr. and Mrs. W. J. Dawson, Newark, New Jersey, the wedding to take place in Victoria on the fifteenth of August.

### GIRL GUIDES IN PROVINCIAL RALLY AT DUNCAN TO-DAY

Mrs. Walter C. Nichol, Provincial Commissioner, in Attendance

A big contingent of Girl Guides left Victoria yesterday afternoon and this morning for Duncan to take part in the fourth annual Provincial rally which is being held there to-day and to-morrow. The guides will be welcomed on arrival by Miss Denny, R.R.C. District Commissioner, among those in attendance from Victoria were Tyrrell Godman and Miss Margaret Cotton.

At 11 o'clock this morning Mrs. Walter C. Nichol, Provincial Commissioner, attended the conference of the commissioners, officers and members of the Girl Guide companies, held in the new Guide Hall at Burea Vista Heights, Duncan. After luncheon the Guides marched past Mrs. Nichol, who took the salute at the Agricultural Hall.

A lengthy programme of sports and Guide drills was then given at the Fair grounds in the presence of a big crowd, and this evening a camp fire will be built, and an entertainment given by the girls.

### Sports Programme

The full programme of sports follows:

1. Patrol drill by Patrol Leaders.
2. (Moving of patrol from one position to another). Exercises three times each, (a) Arms up, out forward and down. (b) Arm flinging (c) Knee bending.
3. Ambulance display. Broken leg and use of stretcher. Teams drawn from company not to exceed six, exclusive of patient.
4. Signaling. Morse flags, teams of four from company.
5. Relay races. Team of four from patrols.
6. Throwing life line (over 14).
7. Throwing life line (under 14).
8. Shoe race.
9. Officers' race.
10. Committee race.
11. Six drill by Sixes, the same as for Guides.
12. Parcel tying.
13. Relay races, teams of four from Jack.
14. Skipping, individual.

### Exhibits

1. Naturalist.
2. Art.
3. Needlework.
4. Miscellaneous.
5. Naturalist.
6. Art.
7. Needlework.
8. Miscellaneous.

### Sunday's Arrangements

At 11 o'clock on Sunday a Guides' own service, absolutely undenominational, will be held by the Guide officers in the Agricultural Hall.

After the service a luncheon for which the Municipality of North Cowichan and the City of Duncan are making arrangements will be served to the Guides and their officers. Mayor Miller and Reeve Aitken will be present and will welcome the visiting Guides.

It is expected that the majority of the Guides will leave for their homes by the afternoon train.

On Tuesday the 1st Cowichan Girl Guides with their officers go for a week's camp on the site at Crofton they occupied last year. The Prince Rupert Guides had hoped to come and join them in this camp, but will be unable to attend the rally this year.

The 1st Cowichan Guides will return home on the following Tuesday and on the Thursday of that week Miss Denny and Miss Geoghegan leave for Victoria to attend the Summer training camp for Guide officers to be held for ten days in St. Margaret's School, Victoria.

### YOU CAN DANCE FOR MILES

FOX trotting is the greatest leg exercise ever invented, according to Dr. Karl Heinstadt, a Swiss physical culturist, who declared that the average fox trotter covers a mile and a quarter every twenty minutes, while the walker's distance is less than half that distance, says a Paris despatch to the New York Herald.

Continuing his calculations, the doctor declares that a young man who does not miss a dance between 10 o'clock at night and 1 in the morning, with about a half-hour out for a midnight supper, exercises just as much as if he had walked thirty miles, and seldom shows any ill effects, although probably he will be object if asked to walk a single mile without taking a taxi cab.

"Few people know how strong they actually are," said Dr. Heinstadt. "The average business man takes more than 7,000,000 steps in a year—amounting to a mileage that would astonish most of the holders of world's records."

### NO CLUBBINESS IN CLUBS

MANY of the older London clubs, at one time so particular to keep their membership within definite limits, are now complaining of lack of support. Evidently conditions are changing.

The beginning of a number of new clubs, have not been reproduced in the present post-war period. As the officers of 1815 retired into a leisurely existence on half pay they needed some resort where they might find congenial companionship, and the daily papers with full Parliamentary reports. If they seek club life at all it is no doubt in some more cheerful place than the gloomy, somnolent atmosphere that still pervades many of these venerable institutions.—Christian Science Monitor.

### SAFE HERE

IN Maryland, we read, it is illegal for a woman to go through her husband's pockets at night. In our own country it is merely a waste of time.—Punch.

### A Sure Relief For Women's Disorders

Orange Lily is a certain relief for all disorders of women, it is applied locally and absorbed into the suffering tissue. The dead waste matter in the congested region is expelled, giving immediate mental and physical relief; the blood vessels and nerves are toned and strengthened; and the circulation is rendered to normal. As this treatment is based on strictly scientific principles, and acts on the actual location of the disease, it cannot help but do good in all forms of female troubles, including delayed and painful menstruation, leucorrhoea, falling of the womb, etc. Price \$2.00 per box, which is sufficient for one month's treatment. A Free Trial Treatment, enough for 10 days, worth 75c, will be sent free to any suffering woman who will send me her address.

Enclose 3 stamps and address Mrs. Lydia W. Ladd, Windsor, Ont.  
SOLD BY LEADING DRUGGISTS EVERYWHERE.

## BLUE RIBBON TEA

long after cost is forgotten"

### SUCCESSFUL DANCE HELD AT YACHT CLUB

A merry crowd of about 150, danced at the Royal Victoria Yacht Club last evening, the joint hosts for the occasion being the members of the James Bay Athletic Association and the Yacht Club.

Every perfection of detail in the arrangements made the affair one of the most enjoyable affairs of the Summer. Excellent music was furnished by Mrs. Henderson, with Miss Ella Simpson kindly playing the supper extras.

The proceeds will be devoted to the fund for the sending of crews to the regatta at Portland.

The proceedings throughout were of pleasant character. Directors of the J. B. A. and Secretary Stewart, of the Yacht Club, acted as managers of the dance. It is proposed to hold these dances monthly.

Entertained Patients.—The Women's Auxiliary to the O. W. V. A., under the leadership of Mrs. J. B. and McBride and Fleming Ward, of Jubilee Hospital yesterday, with cake, strawberries, and cream, and the W. A. take this opportunity of thanking Mrs. Jameson and party for the delightful programme of songs and music which was very much appreciated by the patients.

### When toxic poisons penetrate the intestinal walls—EXPECT THE WORST!

Next follows poisoning of the blood! This means the poisoning of every organ in the body! Vitality and energy become lower each day; the brain becomes sluggish. Old age and illness gallop in!

You can avoid all that by permanently relieving constipation—the cause of 90% of all human ills—through the regular use of Kellogg's Bran, cooked and krumbled! Keep the eliminative tract open in healthy normal condition and you will live in health years longer.

Kellogg's Bran is simply nature's food. It is not a "remedy," but eaten regularly each day—at least two tablespoonfuls; in chronic cases, with each meal—it will sweep the bowels, cleansing and purifying. You cannot afford to feel sluggish!

To have your brain energy impaired; to have an offensive breath! Constipation can be blamed for them all! It hastens old age—just as it is responsible for illness!

The aged can be permanently relieved of constipation worries through the use of Bran. Every member of your family should eat it every day. Kellogg's Bran is most valuable in the diet of oldsters. It will make them grow strong and robust. It clears the bowels, cleanses the blood, and removes an obnoxious breath. Bran's health work is wonderful.

Kellogg's Bran is delicious as a cereal or sprinkled over hot or cold cereal. It makes the most delectable pancakes, raisin bread, etc. Recipes on every package. Buy Kellogg's Bran at all grocers. In the "WAXTITE" package.

## Wales To Be Best Man At Wedding of Young Lord Mountbatten

London, July 8.—The marriage on July 15 of Lord Mountbatten, Naval Aide-de-Camp to the Prince of Wales, and Miss Edwina Ashley, granddaughter of the late Sir Ernest Cassel, and the richest heiress in England, promises to be the biggest social event of the London season. The Prince of Wales has been asked to be the best man and has tentatively agreed.

The wedding will be in the ultra fashionable St. Margaret's Church, a small edifice, swathed in the shadow of Westminster Abbey. It is expected that King George, Queen Mary and other members of the British royal family will be present.

Lord Louis, who will be twenty-two this month, is the younger son of the late Marquis of Bute. His father (Prince Louis of Battenberg) and a brother of the present Marquis. He is very popular and is known to intimate friends by the nickname "Dicky."

Miss Ashley, a beautiful, talented girl, will be twenty-one this year. She is the older daughter of Col. Wilfrid William Ashley, C.P., and the late Mrs. Ashley, the only daughter of Sir Ernest Cassel.

## BARS EARL'S WEDDING

Chaplain at Chapel Royal Will Perform Ceremony Only for Innocent Parties.

London, July 8.—Only the innocent parties in divorce suits can be married in the Chapel Royal, Savoy, London's "Little Church Around the Corner," according to a precedent established recently.

The Earl of Lanesborough wanted to marry Mrs. Guy Watkins in the chapel and an announcement had been made to that effect in the papers, but the Rev. Hugh Chapman, the chaplain, stepped in and forbade the ceremony.

"The announcement is totally unauthorized," said Dr. Chapman. "There will be no ceremony of any kind in the Chapel Royal."

## PICKS BRIDE BY PHOTO

Imperial Concubine for Boy Emperor Knew Nothing of It Until There Was Official Announcement.

London, July 8.—The boy who was Emperor of China and was deposed, selected his two future brides after studying the photographs of many eligible princesses throughout China. So states the Peking correspondent of The Daily Mail, and he adds:

"A number of photographs were sent to the boy emperor in Peking City, where the former emperor resides. After most of the photographs were eliminated, twelve were left for him to choose from. From her photograph, the future empress of age-picked out the remarkably beautiful daughter of Tung Yuan, an official of the former Ching regime, and from her photograph, chose for his consort or secondary wife the niece of Tuan Fang, a former Viceroy of Canton."

The fact that the ex-emperor had any hand in the choice of his brides broke all precedent and caused consternation among the officials of the ex-imperial family. The three imperial concubines, who according to the law of the imperial house, should have selected the boy emperor's brides, were not even notified of the event until the official announcement had been made in Peking. The future empress and consort are undergoing a course in court etiquette.

## MISS JOYCE BARBOUR, PRETTY YOUNG ACTRESS, ENJOYS COTTAGE LIFE

London, July 8.—Miss Joyce Barbour made a big hit in C. B. Cocker's review "Mayfair and Montmartre," which was built around Miss Alice Delysia and was taken over late in May because the latter severely strained her vocal cords and was ordered to stop playing for some time. After the review, Miss Barbour appeared as one of the "Bocaccio Beauties" and now, preliminary to appearing in a new piece at the Theatre, she is enjoying life at her cottage at Maidenhead, automobiling and motorboating.

## England's Champion Butter-Maker Is Now 73 Years Old

London, July 8.—Mrs. William C. Mudd of Slade House, Thornwaite, who celebrated her golden wedding recently, claims to have won more prizes for butter making than any other woman in Yorkshire. She has been competing at shows for forty years, and has obtained 477 awards in 1,338 competitions. She represented Yorkshire dairymaids at the Glasgow Exhibition and displayed her art in the presence of Queen Victoria at Darlington. In 1890 she won the British Dairy Farmers' Association Buttermaking Competition, open to Great Britain and Ireland, and at the Royal Show at Doncaster in the following year she won the championship open to all England.

"Butter making is like play to me," she said yesterday. "It is my hobby. I could make butter when I was eleven years old, and although I am now seventy-three, I hope to go competing a little longer."

Four of her daughters have won championships in butter making competitions at Yorkshire shows. All her married life she has lived on the same farm, on the edge of the moors which divide the valleys of Wharfe and Nidd, and in the same house in which Mr. Mudd's grandparents celebrated their golden wedding.

## PRINCESS BIBESCO TO SUMMER IN PARIS

Paris, July 8.—Princess Antoine Bibesco, daughter of Mrs. "Margot" Asquith and wife of the Roumanian Minister to Washington, has arrived from London at her Paris residence, 45 Quai Bourbon, expecting to remain throughout the summer.

## LONDON YOUNG SHOW AIR RAID EFFECTS

London, July 8.—An entirely new problem and one hard to solve now face British school teachers. It is how to control young pupils who, in their even tenderer years, were terrified by the German air raids over London. Their experience then seems to have left some enduring effects.

Their teachers say many of these children are "nervous terrors." The Weekly Dispatch states that the educational authorities of the London County Council are seriously studying the best method to restore these children to normality. All are very quick tempered and extremely nervous, some are exceedingly mischievous and extraordinarily loquacious. Strange to say, many of them have tapering fingers.

## Wales' Next Trip May Be to Alter Duke to Follow

London, July 8.—With the Prince of Wales home after his prolonged visit to India and Japan, rumors of his early betrothal are renewed. Although the press as a whole has maintained discreet silence as to the Prince's marital prospects, it is understood that this subject has engrossed the attention of the royal family and of certain Ministers of State for some time.

It is believed the Prince will choose an English girl for his wife, and no name is mentioned more often in conversation than that of Lady Rachel Cavendish, daughter of the Duke of Devonshire. She was one of Princess Mary's bridesmaids. The Prince attended a dance given by the Duchess to Lady Rachel on her birthday, just three days after he landed in England. King George and Queen Mary also attended the dance.

There is an even more immediate interest in the marital prospects of the Prince's brother, the Duke of York. For some time past Lady Mary Cambridge, another of Princess Mary's bridesmaids, has been much in the company of the royal family and has been frequently riding in Windsor Park with the King and the Duke. She and Lady Rachel Cavendish are among the prettiest girls in English society. It was thought that the Duke of York would marry her, but she has been announced to the Duke of York's society.

## NO FAITH IN SPOOKS

Scotch Church Decides Spirits of That Kind, Not Worth Bothering Over

London, July 8.—Scotsmen may have a partiality for spirits of a certain sort, but the Church of Scotland has no use for them. At the recent Church Conference, which was held in Glasgow, it was stated by a delegate that there is an old act of Parliament which makes it a crime to burn or drown witches and that it is not possible to find out what sort of beings they have and that people should have nothing to do with spooks.

Evening papers reported that church members should be told that investigations into the realm of Spiritualism have been valueless; that even if there are spirits it is not possible to find out what sort of beings they have and that people should have nothing to do with spooks.

## NO REST FOR BALFOUR

Venerable Earl Pushed Into Foreign Office, Taking Over Curzon's Job; Still Keen and Active

London, July 8.—The Earl of Balfour, handy man of the British Cabinet, is once more in the saddle, for he is now taking on the duties of Foreign Secretary owing to the protracted illness of the Marquis of Curzon.

After his return from the Washington Conference, he then pushed Arthur Balfour—this veteran statesman cut away from London before Premier Lloyd George could find an ever bigger fish to fry. He spent many weeks on the Riviera playing tennis. On several occasions he partnered Mr. Lenglen against the King of Sweden in mixed doubles.

But finally there was the League of Nations Council meeting and the Earl of Balfour had to rush off to Geneva as British representative. He had hardly got back to London before Lloyd George was on his trail again to ask him to take over the Foreign Secretaryship, and there he is likely to remain some time because Lord Curzon is making only slow recovery after his acute illness.

It is even suggested that Lord Balfour is to become the Government's spokesman in the House of Lords when Earl Curzon does return to his post at the Foreign Office, because Lord Curzon may not be able to stand the heavy work entailed in holding down both jobs. For all his years, the Earl is as fit as he was a quarter of a century ago.

## GIVES KINGDOM FOR BRIDE

East Indian Rajah Who Wed White Wife Surrenders Throne to Brother

London, July 8.—For the sake of his white wife, an Australian beauty whom he married in 1918, the Rajah of Padukota, in South India, has declared his intention of surrendering his kingdom to his brother and remaining permanently in England.

His bride was Miss Molly Frink. At the time of his marriage he made a state entry with her into his capital, with all the gorgeous display of an Oriental monarch. A few days later the royal couple came to England where they have since resided except for a short time in 1920, when the Rajah went to Madras to welcome the Duke of Connaught. One of the compelling reasons for the abdication is the fact that the Rajah's son by his wife cannot succeed to the kingdom.

# George's Gleanings From the Old Land

## Lloyd George Sportsman But Shuns Horse Racing; - Glory of Ascot Waning

London, July 8.—In many respects "Royal" Ascot this year lost some of its old glories. Parliament sat uninterruptedly throughout this fashionable event, not so much because of the bad weather, which kept most of the new clothes under cover, as because of the fact that the Government heads are not racing or fashion fans. Premier Lloyd George, though a keen sportsman when it comes to golf, fishing and hiking, takes no interest in horses and did not attend Ascot any more than he did Epsom. Most of his colleagues likewise feel that, contrary to tradition horse racing, has no place on the calendar of a serious mind.

The New York Herald correspondent when he inquired whether the Prime Minister was going to attend the Ascot races was informed that Mr. Lloyd George is more interested in the Hague conference and the reparations question than in little men jockeying for small purses. Austen Chamberlain, almost never goes to the races, and Lord Birkenhead, though he is a sportsman, tennis player and devotee of boxing, does not fancy the track. Winston Churchill loves horses, but he was too busy with Irish affairs to look on at the Ascot races. The Earl of Balfour is credited with having visited the track before, but his friends say that they doubt if he ever saw both the start and finish of any race.

Since Lord Rosebery presided in Downing Street there has been no British statesman except the Earl of Derby who could find leisure moments for studious paddocks and stables. The Cabinet members have been little interested and the absence of important officials has tended to detract from the glory of Ascot.

## Du Pont Heiress Weds Poor Rhodes Scholar at Oxford

London, July 8.—Miss Alicia du Pont was married in St. Paul's Church, Knightsbridge, to Harold Sandford Glendenning, of Norfolk, Conn., a Rhodes scholar at Oxford. The bride, attended by Miss Helen Hackett, was given in marriage by her father, the American powder manufacturer, Alfred I. du Pont, of Wilmington, Del. Her mother was present. The best man was Russell Rhodes, of the American Consulate General, who was a student at Dartmouth College with the bridegroom. A reception in Hyde Park Hotel followed the wedding, to which a number of the bridegroom's fellow students were invited.

Mr. and Mrs. Glendenning will reside in London, where Mr. Glendenning will continue his law studies and his wife her voice culture study.

Miss Alicia du Pont met Harold Sandford Glendenning while he was employed at the du Pont works as a chemist during the war. They met again when he sailed to Europe to study music.

Miss du Pont is a stepdaughter of Alfred I. du Pont, and the daughter of Mr. and Mrs. Amory Maddox. Her mother obtained a divorce and married Mr. du Pont shortly after he and his first wife were divorced. The daughter took the name of her stepfather.

Glendenning is the son of a Norfolk, Conn. mail carrier. He is a graduate of Dartmouth, where he was in the Phi Kappa Psi chapter and received his master's degree from Columbia University.

## ACTRESS OF 1,000 PARTS IS SEVENTY YEARS OLD

London, July 8.—Miss Lottie Venn, known as "the actress of 1,000 parts," celebrated her seventieth birthday ten days ago. The plays in which Miss Venn has appeared occupy four columns of "Who's Who in the Theatre." She is said to have in her repertoire a divorce and married Mr. du Pont shortly after he and his first wife were divorced. The daughter took the name of her stepfather.

## RUSSIAN DUCHESS PLANS BIG WEDDING IN LONDON THIS FALL

London, July 8.—Grand Duchess Nina of Russia, sister-in-law of William Leeds of New York, will marry in the Russian Church here Sept. 2 Prince Paul Chavchavadze, son of Prince Troubetzkoy.

Princess Marina, the bridegroom's sister, will be bridesmaid, and his brother will be best man. All six of the sons of Grand Duchess Xenia, who has her home in London, will attend the bride.

## WEARS BRIDAL CLOTHES Princess Mary Sets Fashion for Recently Married Young Women Presented at Court

London, July 8.—Princess Mary set an example at the recent Court at Buckingham Palace which was followed by many young brides presented on the occasion of their marriage by wearing her fairy-like wedding gown of embroidered marquisette and silver tissue, completed by a train of gold lace. The magnificent of the fabrics and embroideries used was the outstanding feature of the occasion.

The revival of plumes, veils and trains restored the ceremony to its pre-war magnificence, and the splendor of the different uniforms, naval, military and diplomatic, relieved here by the sober black of plain levee dress, completed a brilliant pageant.

## SAYS ALL WOMEN SMOKE

English Judge Rules Puffing at Cigarette by Woman No Excuse For Husband-Beating Her

London, July 8.—"I wanted my wife to come into the house instead of smoking cigarettes at the street door. She refused and taunted me by blowing smoke into my face until I lost my temper."

This was the plea of Alfred Adams when arraigned in a Police Court yesterday for attacking his wife, Magistrate Brigley fined Adams 15 shillings, remarking: "Things were different in my young days, but now women of all classes of society smoke. It was not a good excuse for the assault."

## GETS LAVISH GIFTS

Bandeau of Massed Diamonds Presented to Lady Joan Capell at Wedding.

London, July 8.—The wedding of Lord Portchester, Lord Carnarvon's son and heir, and Miss Wendell was fixed for July 17.

The popularity of the former Lady Joan Capell, who has just been married to Osbert Peake, is attested by the number of wedding presents and the prominence of their donors. Conspicuous among the gifts of jewelry is a bandeau of massed diamonds of the bridegroom's parents.

A splendid diamond and sapphire ring came from Miss. Baleson, formerly the Duchess of Marlborough (nee Vanderbilt), a ruby-egg gold snake bracelet, also from Lady Easton, a daughter of Lord Grant of New York, and a diamond necklace from the bridegroom's parents.

The Earl of Balfour sent a waste-paper basket from the Royal School of Art Needlework, Lord Derby an alabaster bellows, Lord and Lady Bellingham a dessert service, Sir Ian and Lady Hamilton a dinner service and Mrs. Arthur Wilson a breakfast service.

## PRINCESS MARY WILL CANCEL ENGAGEMENTS

London, July 8.—It was announced to-day that Princess Mary's engagements for the next few months will be drastically revised because she finds it necessary to take a considerable amount of rest.

## Scotland's Lochs To Make Electricity And Then Bring In Bigger Dividends

London, July 8.—Scotland is waking up to the fact that its lakes and waterfalls may be made to serve other purposes than providing scenic attraction for tourists. As proof of this the "Grampian Electricity Bill" has been given a second reading in the House of Commons.

The company is empowered to collect and use the waters of 15 lochs and 39 small lakes, rivers and streams, over an area of 417 square miles.

The waters proposed to be utilized are estimated to be capable of generating 56,000 horse-power to supply electricity in the counties of Perth, Kinross and Forfar and districts in four other counties. The capital is placed at £4,500,000.

That any of the beautiful lakes and falls of Caledonia, stern and

## IF WINTER COMES

To take Mark Sabre at the age of thirty-four, and in the year 1912, and at the place Penny Green is to be considered looking back a little towards the time of his marriage in 1904, but happens to find him in good light for observation. Encountering him hereabouts, one who had shared school days with him at his preparatory school so much as twenty-four years back would have found matter for recognition.

A usefully garrulous person, one Haggood, a solicitor, found much to say. "Whom do you think I met yesterday? Old Sabre? You remember old Sabre at Wickamote? . . . Yes, yes, that's the chap. Used to call him Puzzehead, remember? Because he used to scrawl up his forehead over things old Wickamote or any of the books at it. I remember him and some of the boys. . . . And then that expression of his. Just the opposite. . . . Who old Wickamote or some one had landed him, or all sorts of things dashed punishment, and we were passing about it, used to scrawl up his nut in the same way and say, 'Yes, but I see what he means. I read some one would say, 'Well, what does he mean, you ask? and he'd start gassing till some one said, 'Good lord, fancy sticking up a masthead like that. And Puzzehead would say, 'You sickenin' fool, I'm not sticking up for him. I'm only saying he's right from how he looks. I see what he means. I read some one would say, 'Well, what does he mean, you ask? and he'd start gassing till some one said, 'Good lord, fancy sticking up a masthead like that. And Puzzehead would say, 'You sickenin' fool, I'm not sticking up for him. I'm only saying he's right from how he looks. I see what he means. I read some one would say, 'Well, what does he mean, you ask? and he'd start gassing till some one said, 'Good lord, fancy sticking up a masthead like that. And Puzzehead would say, 'You sickenin' fool, I'm not sticking up for him. I'm only saying he's right from how he looks. I see what he means. I read some one would say, 'Well, what does he mean, you ask? and he'd start gassing till some one said, 'Good lord, fancy sticking up a masthead like that. And Puzzehead would say, 'You sickenin' fool, I'm not sticking up for him. I'm only saying he's right from how he looks. I see what he means. I read some one would say, 'Well, what does he mean, you ask? and he'd start gassing till some one said, 'Good lord, fancy sticking up a masthead like that. And Puzzehead would say, 'You sickenin' fool, I'm not sticking up for him. I'm only saying he's right from how he looks. I see what he means. I read some one would say, 'Well, what does he mean, you ask? and he'd start gassing till some one said, 'Good lord, fancy sticking up a masthead like that. And Puzzehead would say, 'You sickenin' fool, I'm not sticking up for him. I'm only saying he's right from how he looks. I see what he means. I read some one would say, 'Well, what does he mean, you ask? and he'd start gassing till some one said, 'Good lord, fancy sticking up a masthead like that. # The TIMES NEWS of the LATEST

## Suzanne Is Victor Over Mrs. Mallory

French Tennis Star Proves She Has Ability and Wins Women's World's Championship at Wimbledon Courts; Has Easy Win Over American Challenger; Suzanne Leaves No Doubt As to Her Superiority On Courts; Patterson In Finals.

Wimbledon, July 8.—Mlle. Suzanne Lenglen retained the women's world tennis championship by defeating Mrs. Molla Mallory this afternoon. Suzanne won the first set 6-2. Mrs. Mallory did not win a game in the second set, the score being 6-0.

Mlle. Lenglen's victory came after a brief, tense struggle marked by the coolness with which the French champion played her game and the brilliancy of her all-around performance.

Suzanne was a victor from the outset, taking the first set with comparatively little trouble 6-2, and walking away from her American rival in the second set without allowing her opponent a game.

The French girl's display of superlative tennis in the second set transformed a Mallory gallery into a Lenglen one and the winner got a deservedly great ovation for her wonderful display of strokes and supreme control of her nerves.

Just Took 29 Minutes.

There was no sign throughout the match of any possibility of sensation as a result of feeling on the part of the two players. The match lasted 29 minutes, the only games Mrs. Mallory got were the second in the first set when she was serving and the fifth with her opponent serving.

Wimbledon, July 8, 4.05 p.m.—With the match between Suzanne Lenglen and Molla Bjurstedt Mallory due to be played between 5 and 5.30 o'clock rain began falling during the third set of the Patterson-Anderson match in the men's singles, and the outlook was not rosy for the return of the fine weather of the early afternoon. The crowds all donned waterproof coats, many raised umbrellas and the suspense over the delay became intense.

Crowds continued to besiege the outside gates for the Lenglen-Mallory encounter and late arrivals coming through the rain in motor cars were offering from £2 to £5 for seats for the remainder of the afternoon.

5.50 p.m.—Shortly before 5 o'clock it looked as if the rain might cease and play be resumed, but it appeared doubtful to some extent whether the Lenglen-Mallory match would be played.

In the most spectacular men's doubles match on the Wimbledon court this year, J. B. Anderson and A. G. Watson, Ireland, defeated Henri Cochet and Jean Borotra, of France 8-6, 2-6, 6-2, 6-4.

Patterson Beat Anderson.

In the semi-final of the men's singles between Gerald Patterson and J. B. Anderson, the Australian stars, was finally won by Patterson, who thus earned the right to meet Randolph Lycett, of Great Britain, in the final.

Patterson won by the score of 6-1, 2-6, 7-5, 6-1, 6-2.

Wimbledon, July 8.—American tennis players in England thronged today to the Wimbledon courts to witness the long-awaited match between Mlle. Suzanne Lenglen and Mrs. Molla Bjurstedt Mallory for the world's championship, now held by the French girl.

Interest in the outcome was intense, due in a large measure to the controversy regarding the ability of the two players which has raged on both sides of the Atlantic since last August, when Mlle. Lenglen defeated Mrs. Mallory after the loss of one set in their match at Forest Hills, N. Y.

Both At Top Form.

The playing of the rivals thus far in the present tournament has indicated that they are both at the top of their game. In the semi-finals each eliminated her opponent in straight sets, although Mlle. Lenglen had more trouble in disposing of Mrs. Peacock than did the American champion in winning from Mrs. Bonallie.

This, however, was due more to the game struggle put up by Mrs. Peacock than to any weakness on the part of Mlle. Lenglen, who played a brilliant game, setting phenomenal speed to her services and drives and volleying with great effect.

Mrs. Mallory displayed remarkable control of the ball and the improvement in her back-hand was a revelation to those familiar with her style of play.

Lenglen-Mallory match will be preceded by the men's doubles and the semi-finals between the Australian stars, J. O. Anderson and Gerald Patterson.

Wimbledon, July 8.—In the match yesterday between Mrs. Peacock and Mlle. Lenglen, the Englishwoman had the first service and captured the first game, Mlle. Lenglen getting only two points. The French woman won her own service, and then driving fine, hard balls to Mrs. Peacock's left hand, she quickly ran through with finely placed shots to +1. Then her opponent began to show greater initiative and speed in the placement of her returns. The English woman drove her balls in fine shape to the base line and occasionally went to the net and won with cross volleys.

Mrs. Peacock played through the sixth game and captured her second against Mlle. Lenglen with a double fault to 15-0. Mrs. Peacock followed this up with a great winning drive to Mlle. Lenglen's left. The enthusiasm was intense when Mrs. Peacock, hitting very finely and harder than her opponent, won her third game. The rallies became long, with lots of

(Continued on page 2.)

## Hoover, American Sculler, Wins Diamond Sculls From Beresford

Henley-on-the-Thames, Eng., July 8.—Walter M. Hoover, American champion oarsman, won the diamond sculls here today, defeating J. Beresford, Jr., of the Thames Rowing Club in the final for the sculls in the Henley regatta.

Hoover's victory was an easy one. The time was nine minutes thirty-two seconds. Hoover led throughout the race, sculling in fine style.

The final for the Ladies' Plate was won by Brasenose College, Oxford, defeating Magdalen College, Oxford, by a length, in seven minutes 47 seconds.

The Thames Challenge Cup was won by Worcester College, Oxford, which finished two feet ahead of Clare College, Cambridge, in 7 minutes 54 seconds.

## Vancouver Will Take On Mann Cuppers To-night

Victoria will field the finest team that has defended the Mann Cup since 1918 at the Stadium this evening when Vancouver will be over for one of the series for possession of the splendid piece of silverware.

The Mainlanders are sending over their usual team, which seems to be able to give the locals a hard battle in every game. The only difference in the standing of the two clubs at present is the fact that Vancouver has won one game on local grounds.

Outside of that both teams have won all their home games. Victoria's one ambition is to get back the game that was dropped here and then they will have a chance of coming through with an even percentage and figure that in the play-off they can retain the Mann Cup.

The Best Team.

"We will have the finest team that we have fielded this season on deck to-night," stated Fred Kroeger, captain of the locals. "The addition of Baker will make a big difference at home and we figure that the defence will be able to keep the Vancouver boys out. We are going out to win and as Vancouver will be at

top strength the game should be a good one." The ball will be faced-off at 7 o'clock and Frank Sweeney, one of the native sons who helped to win the Mann Cup for Victoria and who later played for Vancouver, will be the referee. Frank has been in Toronto for some time and could not resist the call of the gutted stick. He signed with the Riverbushes, who are now leading the Toronto Lacrosse League. Frank was playing alongside Conacher, the famous Canadian all-round athlete, who is a star in at least ten different games.

The local boys are making a determined effort to keep the Mann Cup in Victoria. Most of the players still remaining in this city who helped win the trophy have rallied to the standard, Cyril Baker being the last to take up a stick to repel the Vancouver attack.

The attendance at the games has been very good and the officials of the Victoria Lacrosse Club hope to see another big game as it costs a great deal of money to maintain a team and provide for transportation and hotel expenses.

## CRUIQU NEW EUROPEAN FEATHERWEIGHT KING

Paris, July 8.—Eugene Criqui, the French featherweight, last night knocked out Arthur Wynn, of Belgium, in the twelfth round. The bout, which was for the featherweight championship of Europe, was scheduled for twenty rounds.

## RINKS SELECTED TO BID FOR DIS TROPHY

Lawn Bowlers Will Try to Win Barnard Cup Once Again at Vancouver Meet

Victoria is to make a strong bid to retain the Barnard Cup, which is presented to the winning rink in the British Columbia Lawn Bowling Association's tournament which this year will be held in Vancouver in the near future. The Victoria Lawn Bowling Club won the honor last year and it is usually taken for granted that the club which wins this trophy is the champion club of the province.

The local club has selected five rinks which will go to Vancouver to compete for the honors. The rinks are the strongest that can possibly be found. They are as follows: W. Wood, G. Vallance, Jas. Rieseide, Jas. Munro, Skip.

H. M. Wright, H. Renwick, A. M. Keachie, A. B. McNeill, Skip. J. R. Mountain, J. V. Boyd, J. M. Boyd, T. Cashmore, Skip. R. Dunn, R. Dunsawell, J. Renfrew, T. McNeill, Skip.

H. W. Mills, T. Renfrew, Sam Wright, W. H. Cullin, Skip. A number of other good players would be taken to the Mainland but for the fact that the local club is restricted to a representation of twenty players.

A Hard Competition.

The match for the Barnard Cup is an exceptionally grueling one and brings out bowling ability, temperament and physical powers for endurance. The game last for three and one-half hours and each man delivers 62 bowls. The score varies during every minute of the 210 minutes of play and on several occasions the final decision has rested on the fraction of a point.

The lawn bowlers are at present engaged in the annual competition for the Greenleaf Cup. Tom McCosh is the present holder.

## GREENLEAF'S BIG RUN

Philadelphia, July 8.—Ralph Greenleaf, holder of the world's pocket billiard title, last night made a high run of 114, exceeding the world's record held by himself by fourteen balls. The performance, which was made in an exhibition match with Charles Harmon, will not stand as a record, billiard experts said.

## "CHAPLIN OF ICE" TO TEACH KIDDIES TO SWIM AT GORGE

who during the ice hockey season makes the fans split their sides with laughing at his antics at the Arena, has turned his hand to the briny deep. He is going to start teaching children and valets to swim.

On Tuesday afternoon next any kiddie who wants to learn to stay on top of the water will get instructions from Ralph at the Gorge beach. Ralph will teach the children every Tuesday and Friday afternoon at 2.30 o'clock during the holidays. When the season closes races will be held between the children who have learned to swim, and Mr. Fielding has offered six prizes for the winners in the girls and boys events.

Every afternoon Mr. Alcock will teach adults to swim.

## Ty Cobb Jumps Up On Sisler's Heels

Georgian Peach Is Hitting At Terrific Gait and Leaps From Sixth to Second Place in Batting Race; Sisler Is Still In Front; Hornsby Finds Ball For 390 In National League And Leads in Homers.

Chicago, July 8.—Ty Cobb today is making his bid for the batting leadership of the American League, with the prospects of giving Geo. Sisler, the St. Louis Star, a desperate fight. Within a week the noted Georgian batted his way from sixth to second place in the list of leaders for an average of 391, just 24 points above his mark last week. Cobb's great batting resulted in slashing out 17 hits in his last seven games, while the best Sisler could do was nine in five games. Sisler, however, is entrenched in the lead with an average of 430. The figures include games of Wednesday. Cobb's average took another boost yesterday, when he cracked out seven hits in eleven trips to the plate.

Sisler is also clinging to the lead in base stealing with 27, while Ken Williams, second with 23. Williams smashed out his twentieth homer and is being trailed by Walker of Philadelphia, the runner-up with 18.

Ruth, of New York; Hollman of Detroit; and Miller, of Philadelphia, each have made 12. Other leading batters for fifty or more games include: Hedman, Detroit, 266; Speaker, Cleveland, 266; Witt, New York, 357; O'Neill, Cleveland, 256; Blue, Detroit, 251; Schanz, New York, 250; Miller, Philadelphia, 249; Bassler, Detroit, 245; McManus, St. Louis, 233.

Hornsby Still In Front.

Roger Hornsby, the St. Louis star, with an average of 390 is 23 points ahead of Hank Gowdy, of Boston, in the National League batting race. Gowdy is hitting .367, with Miller, of Chicago, third with .359.

Hornsby is now ahead of Williams, his St. Louis American League rival, in home run hitting and is tied with Southworth, of Boston, for sixth place honors in base stealing with 12. Carey, of Pittsburgh, continues to lead in this department with 18.

Other leading batters for fifty or more games include: Daubert, Cincinnati, 356; Bigbee, Pittsburgh, 355; Struyk, St. Louis, 350; Johnson, Brooklyn, 348; Grimes, Chicago, 348; Hollocher, Chicago, 348; Duncan, Cincinnati, 345.

## KELLY'S HOMERS DEFEAT PIRATES

Giants Won 18-Inning Battle From Pittsburgh; Detroit Takes Two

Hornsby Hits His 21st Homer and Passes Williams; Cobbs Hitting

New York, July 8.—The New York Giants were holding their own against western rivals today, but only after the longest and most sensational of the National League games, their nine-to-eight victory over Pittsburgh yesterday in 18 innings. George Kelly's second homer of the game with Young on base, turned the tide in the last inning after both teams had gone runless since the ninth.

The Pirate-Giant struggle, however, was only one feature of a record-breaking day for both teams. Other outstanding features were Roger Hornsby's twenty-first homer, giving him a team ninth-inning victory over Brooklyn and putting him ahead of his fellow townsman Kenneth Williams in the counting race and sending St. Louis ahead of Brooklyn; a nine-run rally by Cobb's Tigers in the ninth inning to gain a double victory over Washington; and Waite Hoyt's brilliant shut out of the Cleveland Indians one to nothing, putting the Yankees only a half game behind the Los Angeles St. Louis Browns, who lost a 13-inning battle to Boston 5 to 4. Kenneth Williams gave way to a temperamental outburst in the game, disputing umpire Evans' decisions behind the plate and was banished.

Tillie Clouts Another.

Tillie Walker turned in his eighteenth homer while the Athletics beat Chicago 6 to 3.

Meadows pitched the Phillies to a three to one decision over Cincinnati, and Alexander held Boston in check while his team mates pounded a seven to two victory.

Cobb's hitting was a feature of Detroit's double victory over Washington, 7 to 6 and 11 to 9. The Tiger leader getting seven hits in 11 times at bat.

## LADIES' DECATHLON

The point winners in the V.I.A.A. ladies' decathlon series, which was held evening at Curtis Point, were as follows:

Skipping—First, Frances Bayley; second, Mrs. Wallace; third, Leo Dalglish.

Throwing basketball—First, Audrey Griffin, 68 feet; second, Phyllis Gates, 66 feet; third, Florio Gates, 65 feet.

Three ball toss—First, Phyllis Gates, 100 feet; second, Frances Bayley, 99 feet; third, Una Shakespeare, 95 feet.

DYNAMITE BLEW UP

San Francisco, July 8.—Ted Morgan, of San Francisco, administered a decisive beating to Dynamite Murphy, also of San Francisco, in a four-round boxing match here last night.

## TILDEN WINS HIS WAY INTO NATIONAL FINALS

Indianapolis, Ind., July 8.—William Tilden II, of Philadelphia, won his way into the finals of the national clay courts tennis tournament yesterday, defeating Walter Westbrook, Detroit, in straight sets, 7-5, 6-2, 6-4. Rain caused postponement of several matches set for yesterday, and the Tilden-Westbrook match was played on Carl G. Fisher's covered court.

The junior tournament was also completed on this court and was won by George Lott, Chicago, 6-0, 3-6, 4-6, 6-1, 6-2.

Zenzo Shimidzu, Japanese Davis Cup player, will play Charles Garrison Jr., Pittsburgh, in the senior singles semi-final today, and the winner will meet Tilden in the final round Sunday.

## CANADIAN TENNIS TOURNAMENT OPENS

Western Players Did Not Figure in Yesterday's Play; Are in Today's Draw

Toronto, July 8.—The Canadian Lawn Tennis Tournament being held here on the courts of the Toronto Lawn Tennis Club got under way yesterday with the playing of the men's and women's singles. Only local players participated, the out-of-town contingent not being expected until Monday.

Play in both the men's and women's handicap singles will be continued today, and, in addition, the men's open singles will commence. Considerable interest is being taken in this latter event, as several players of high class calibre have already entered. The women's open singles will commence Monday.

Ottawa, July 8.—Bud Thomas, of Chelsea Riverbushes, Ottawa, football player, won the finals in the boys' junior singles from E. V. Ritzner, of London, Western Ontario Junior singles champion, in three sets, 2-6, 6-0, 8-6, in the Ontario and Eastern Canada section tennis tournament here yesterday.

Miss G. Hutchings, champion women singles player of Rimouski, won over Miss Florence Best, Toronto, in straight sets, 6-4, 6-3, in the finals of the women's singles.

Leroy Rennie, who last year won the men's singles, men's doubles and the mixed doubles, will not figure in any provincial championships this year. After losing the singles and doubles yesterday, he made a determined stand in the mixed doubles with his partner, Miss Brock, of Toronto, to stem the tide of defeat in the contest yesterday with Miss Bailie, of Montreal, and E. H. Lafram, of Montreal, but although they looked like winners several times, they were eliminated after sets, 10-8, 4-6, 6-4.

## LEAGUE GAMES

National League.

At Cincinnati—R. H. E.  
Philadelphia 3 11 3  
Cincinnati 1 5 1  
Batteries—Meadows and Henline; Louie and Wingo.

Kitchener, 5; London, 7.

EAST AND WEST PLAY AGAIN

San Francisco, July 8.—Dr. Sumner Hardy, president of the California Lawn Tennis Association, announced here today that the West has agreed to a second East-West tennis tournament to be held at Philadelphia some time in September. The East and the West have met once before on the courts of the Berkeley California Tennis Club, the East being victorious.

## ROYALS SCORE FIRST WIN OVER PIRATES

Close Games in Junior Baseball League Last Night; Tyeas Also Win

Last night in the Junior Baseball League at the Central Park the Royals defeated the Pirates by the score of 10-8. The Royals played a good brand of ball during the whole game. Brown pitching for the Royals turned a fine game, and was never in trouble. He was also given fine support by his team mates. Two home runs were garnered during the game Salloway and McNaughton of the Royals each securing one. This is the first game that the Pirates have lost.

The line ups were as follows: Royals—Morris, c.; Brown, p.; Robinson, 1b.; McNaughton, 2b.; Salloway, 3b.; Hilton, 3b.; White, 4b.; Farnham, 5b.; Henderson, 6b.; Pirates—Thornburn, c.; Cameron, p.; McNaughton, 1b.; Thomas, 2b.; Darcy, 3b.; Fisher, 3b.; Lee, c.; Gandy, 4b.; O'Neill, 5b.

Last evening at the Victoria High School a Junior League baseball game was played between the Tyeas and the Mets. The game was a thriller all through. The Mets, who were playing good ball, led until the sixth, when the Tyeas came through with three runs and made the score 6-5 in their favor. The Mets came right back in the eighth and scored three more runs, making the score 8-6. The Tyeas did not score in the eighth, but came to bat in the ninth two runs behind. Belford, the first met to bat in the ninth, hit a home run, but in Hocking's hit. Dunn hit a double, scoring the tying run. Passmore came to bat with two out, but hit to the short stop. The Mets' third baseman ran in for the play, but missed the ball. The short stop made the play, but Passmore beat the throw and won the game.

The batteries were: Tyeas—Bothwell and Passmore. Mets—Kay and McElchies.

The Um-Tumbles and the Tigers both won their games by default. The league standings are as follows:

Teams Won. Lost. Pct.  
Royals 1 0 .1000  
Tyeas 1 0 .1000  
Um-Tumbles 1 0 .1000  
Tigers 1 0 .1000  
Pirates 0 1 .0000  
Y. M. C. A. 0 1 .0000  
Mets 0 1 .0000  
Hustlers 0 1 .0000

ENTRIES FOR RIFLE SHOOT OF B.C.R.A. WILL CLOSE JULY 17

Entries for the annual matches of the British Columbia Rifle Association to be held this year at the Heil Range, Saanich, will close on Monday, July 17, at 9 a. m. All entries must be addressed to Lieut. Hansen, 2100 Broadway Street.

The competitions will be practically the same as those shot at Vancouver last Summer. Programmes will be issued within a few days.

The meeting will open at Heil on Wednesday, July 19, and continue until Saturday of the same week. It is expected that several hundred marksmen will compete. Vancouver will send over a large representation and some of the crack shots from Nanaimo are also expected.

Victoria will be well represented and will no doubt pick off the majority of the prizes as has been its custom in past years.

NEW LINERS FOR  
PACIFIC SERVICE

Former German Ships to Ply  
Out of Los Angeles to  
Honolulu

The passenger and freight liners  
City of Los Angeles and City of  
Honolulu are to ply in the Los  
Angeles-Honolulu service of the  
Los Angeles Steamship Company.  
The City of Los Angeles, formerly  
S. S. Huron, will shortly be  
on the Pacific route.

Both vessels are U. S. Shipping  
Board twin-screw steamships al-  
located to the Los Angeles Steamship  
Company with an option to purchase.  
The City of Los Angeles is of 13,102  
tons gross, or 7,881 tons net, length  
560 feet, beam 62.3 feet and depth 35  
feet. She was built at Danzig in  
1899 as the German steamship Gros-  
ser Kurfurst. The City of Honolulu,  
10,771 tons gross, was built at Stet-  
ten in 1896 as the Friedrich der  
Grosse.

The two ships will be reconditioned  
before entering the Honolulu trade,  
the reconditioning contract having  
been awarded to the Los Angeles  
Shipbuilding & Drydock Company.  
The vessels have been operated in  
the New York-South American ser-  
vice of the Munson Line.

ICE BREAKER HAZEN  
RETURNS TO CANADA

The Government Repurchases  
Vessel Turned Over to Rus-  
sia During War

Ottawa, July 8.—The ice-breaker,  
John J. Hazen, which was turned  
over to the Russian Government dur-  
ing the war, held by the French Gov-  
ernment at Cherbourg and subse-  
quently repurchased by the Cana-  
dian Government, arrived after the  
King Government took office, will be  
on her way to Canada within a few  
days, according to latest advices  
reaching Canada from where in  
charge of the work of repairing the  
vessel and starting her back to Can-  
ada.

SHIPPING NEWS AT  
PORT OF SEATTLE

Seattle, July 8.—Five passenger  
steamers with cabin lists aggregat-  
ing more than one thousand will sail  
from Seattle to-day.

The President Grant, formerly the  
Pine Tree State, commanded by  
Captain M. M. Jensen, sailed at 11  
o'clock for the Far East with 189  
passengers and nearly 6,000 bags of  
mail.

At 10 o'clock this morning were  
scheduled to sail the steamship  
Northwestern, Capt. J. G. Nord, of  
the Alaska Steamship Company, for  
Seward and Southwestern Alaska  
ports via Southeastern Alaska with  
350 passengers, and the steamship  
Queen, Capt. Charles Glascock, of  
the Admiral Line, for Southeastern  
Alaska ports with 240 passengers.

The steamship Ruth Alexander  
will sail with 270 passengers, this  
evening for ports south as far as San  
Diego, and late to-night the Alaska  
Steamship Company's Dering Sea  
liner Victoria, Capt. Charles Davis,  
with 191 passengers and a full cargo  
is scheduled to sail on her second  
voyage of the season to Nome and  
St. Michaels.

The trans-Pacific liner President  
Jefferson shifted to the Todd Dry-  
dock Corporation plant at Harbor  
send this morning to have her tur-  
bine engines overhauled. The job  
will take five days, it is expected.

The halibut schooners Mermad,  
Washington and Mary arrived this  
morning, bringing about 28,000  
pounds of halibut from the fishing  
banks in the vicinity of Heceta  
Strait off Goose Island.

PARTY ON PRINCE GEORGE

The S. S. Prince George will arrive  
here to-morrow morning from the  
North with a special party of pro-  
fessional business men and women  
from the East.

C.P.S.S. Liner Empress of  
Australia Looked for About  
July 19

Empress of Japan Leaves  
Yokohama on Her Last  
Voyage

R.M.S. Empress of Australia, ex-  
Tirpitz, 21,400 tons, and the latest  
addition to the Pacific passenger fleet  
of the Canadian Pacific Steamships,  
Ltd., sailed from Balboa on Thurs-  
day night. The distance from Pana-  
ma is about 4,000 miles, and the  
Empress of Australia is steaming an  
easy sixteen knots. The arrival of  
the liner here is looked for on July  
19, the same day as the Empress of  
Japan is scheduled to make port from  
the Orient.

Japan Coming

The Empress of Japan left Yoko-  
hama yesterday for this port on what  
is believed to be her last trans-Pa-  
cific voyage. The C.P.S.S. officers on  
the Pacific coast have received in-  
structions to arrange for the tying-  
up of the Empress of Japan on Bur-  
dard Inlet when she completes her  
present voyage. The liner Monte-  
agle is now swinging at anchor in Bur-  
dard Inlet awaiting orders. There is  
an unconfirmed rumor in circulation  
that New York interests have prac-  
tically decided to purchase the Em-  
press of Japan for use in the Atlan-  
tic service. The Chinese crew of the  
Empress of Japan will be transferred to  
the Empress of Australia.

WRECK OF WELSH  
PRINCE IN MARKET

Marine Underwriters Expected  
to Shortly Dispose of Ship  
and Freight

Negotiations are under way be-  
tween marine underwriters and pros-  
pective buyers for the hull and cargo  
of the wrecked steamship Welsh  
Prince in the Columbia River, says  
the San Francisco Shipping Register.

The vessel's cargo of lumber was  
insured in the San Francisco market  
for \$400,000. Her cargo of steel was  
insured in New York for \$50,000 and  
the hull in London for \$114,000 or  
approximately \$50,000.

Despite frequent conferences and  
discussions on the matter, repre-  
sentatives of the insurance compan-  
ies interested in the cargo of the  
wrecked Welsh Prince, lying in the  
channel of the Columbia River  
fifteen miles above Astoria, have  
been unable to reach a decision as to  
the disposition of the vessel's load of  
steel and lumber. Bids for salvaging  
the cargo on a percentage basis were  
rejected and offers were invited for  
the sale outright of the freight. No  
decision has been taken in this regard.

J. N. Barde and associates, follow-  
ing preliminary opening of bids for the  
salvaging of the cargo of the sunken  
steamer Welsh Prince, made a direct  
and larger bid for the cargo. Award  
has not been made yet. At first it  
was thought Wood, Baxter & Co.  
would obtain the contract with a bid  
of \$35,000. Captain Crockett of the  
New York Board of Marine Under-  
writers, Capt. W. H. Logan of the  
London Salvage Association and  
E. M. Cherry, Lloyd's agent, have  
been busy inspecting the wreck and  
conferring on the steps to be taken.

PACIFIC MAIL TO  
GET MORE BOATS

SS. President Pierce and  
President Taft Allocated to  
Pacific Route

San Francisco, July 8.—The Ship-  
ping Board liners President Taft and  
President Pierce have been allocated to  
the Pacific Mail Steamship Com-  
pany and will be placed on the Far  
East run on arrival here, according  
to announcement of Pacific Mail of-  
ficials to-day. The President Taft  
will sail from New York August 7  
and arrive at San Francisco August 23.  
The Pierce will sail from the same  
port August 28 and arrive Sep-  
tember 12.

Both ships will be on the run to  
Hawaii, China, Japan and the Philip-  
pines, and with their three sister  
ships will afford a sailing from San  
Francisco to the Far East every other  
Saturday, the Pacific Mail an-  
nounced.

TWO REEFS PIERCED  
HULL OF COMMANDER

Sydney, N. S., July 8.—Two rocks  
have penetrated the hull of the  
steamer Canadian Commander, ashore  
near Platte Point, according to word  
reaching here. Prospects for refloat-  
ing the vessel are still considered  
good.

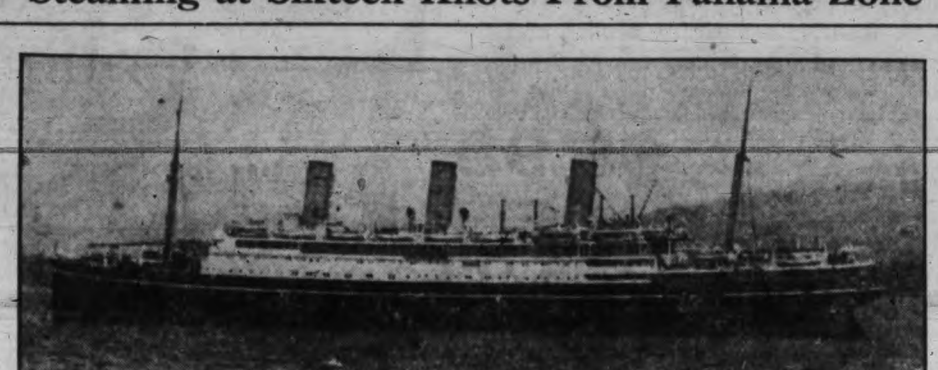

## TIDES IN VICTORIA

July 8.  
High water, 12.20 a.m., 9.1 ft.  
Low water, 8.31 a.m., 1.2 ft.  
High water, 6.12 p.m., 7.9 ft.  
Low water, 8.18 p.m., 7.7 ft.

July 9.  
High water, 12.56 a.m., 8.9 ft.  
Low water, 8.09 a.m., 1.2 ft.  
High water, 6.45 p.m., 7.3 ft.  
Low water, 8.17 p.m., 7.6 ft.

Frank Buchet, for some years chief  
freight clerk on Admiral Line ships,  
will go out as purser of the President  
Grant, succeeding F. M. Raiff, who  
has been granted extended leave to  
attend to business interests in Cal-  
ifornia.

## Steaming at Sixteen Knots From Panama Zone

C.P.S.S. EMPRESS OF AUSTRALIA

ROADS STILL SHIP  
ON JAPANESE LINES

St. Paul and Great Northern  
Ignore Commerce Board  
Ruling

New York, July 8.—The demand of  
the Shipping Board that the Chicago,  
Milwaukee & St. Paul and the Great  
Northern railroads terminate their  
reciprocal freight agreements with  
the Nippon Yusen Kaisha and Osaka  
Shosen Kaisha before July 1 has not  
been complied with, it is learned.

In presenting its ultimatum several  
months ago, the officials of the board  
believed that the subsidy bill would  
be passed before this time, and the  
legislation would have given them  
unquestionable power to terminate  
the agreements, which were the only  
ones of twenty or thirty that the rail-  
roads did not voluntarily agree to  
cancel.

The board's assumption of the right  
of termination under present legisla-  
tion is disputed by the railroads, and  
there is much doubt as to what course  
the authorities in Washington will  
follow.

Should the railroads have their  
way, there may be a revival of some  
cancelled contracts, it is believed in  
shipping circles. In the case of the  
agreements remaining in force, the  
desire of the board to force a termi-  
nation is complicated by opposition  
from the port of Seattle, which has  
insisted in the way of guaranteeing  
that the port will be adequately  
served and that freight will continue  
to flow through it.

During the coming trip through the  
West and middle West of the com-  
mittee investigating the adequacy of  
facilities under the American flag for  
putting into effect Section 28 of the  
Jones Act, providing preferential  
railroad rates for goods shipped in  
American bottoms, it is believed that  
the committee will also conduct in-  
quiries as to the effect upon the port  
of Seattle of the discontinuance of  
the contracts. Commissioner Freder-  
ick I. Thompson, who has charge of  
the matter, said that the board had  
not yet had an opportunity to take up  
the question of the refusal of the  
railroads to comply with the ruling.

NILE TO ENTER  
TAHITI SERVICE

The China Mail liner Nile, in  
port on Thursday from Honolulu,  
following her arrival at San  
Francisco to-day, will be fitted  
out for the S. S. Tahiti line, which  
trade, it was stated by Capt. J.  
T. Kinley, her commander.

SEAMEN JAILED FOR  
SMUGGLING NARCOTICS

Portland, Ore., July 7.—T. Taka-  
moto, formerly on board the Japa-  
nese steamer Melu Maru, was sen-  
tenced to 18 months in the Federal  
penitentiary after he had entered a  
plea of selling smuggled narcotics at  
Astoria. S. Hango, sailor on the  
same vessel, received a sentence of  
three months in the county jail for  
selling intoxicating liquors to pro-  
hibited agents. When Tokamoto  
and Hango were arrested, federal  
prohibition agents announced seizure  
of \$100,000 worth of narcotics.

PRESIDENT GRANT  
BOUND TO ORIENT

Admiral Ship Will Take on  
Sixty Passengers at This  
Port To-day

Sailing on her initial voyage under  
her new cognomen, the SS. President  
Grant, ex the Pine Tree State, Capt.  
M. M. Jensen, will leave Victoria this  
evening for the Orient. The Presi-  
dent Grant is taking out a full cargo  
and a good list of passengers includ-  
ing one first class and sixty steer-  
age from this port. William M. Allan,  
general agent for the Admiral Line  
here, expects the President Grant to  
sail from this port for Yokohama  
about 6 p. m.

Frank Buchet, for some years chief  
freight clerk on Admiral Line ships,  
will go out as purser of the President  
Grant, succeeding F. M. Raiff, who  
has been granted extended leave to  
attend to business interests in Cal-  
ifornia.

**TOO MUCH PEP NOT WELCOME IN SAANICH**  
Fine Visiting Motors Too Keen to Speed; Warnings to Be Posted

While no part of Vancouver Island more warmly welcomes the presence of visitors from the United States and Eastern Canada, Saanich has a small complaint to air, one of too much speeding.

"These tourists come through on our paved roads at speeds such as are seldom seen," explained the Chief of Police Brogan, yesterday. "Because the offenders have been merely stopped and warned them hitherto, but this is useless when every day sees a new troop arriving, all in ignorance of our law."

Posters on Fences.  
"We have taken the matter up with the Publicity Bureau and have asked that large posters be placed upon the Anacortes-Sidney ferries and at the landing stages at Sidney, and we have received assurances that action will be promptly taken," said the chief.

"The law sets a limit of thirty miles an hour, and cuts that down to ten at danger points such as curves or through wooded tracts. In Saanich we have never enforced that particular clause, none of our prosecutions have been laid for a lower speed than twenty-five miles at danger points, yet these visitors roll along at risky places at a tremendous pace, and in decency to strangers we have had to look on while prosecuting our own citizens who pass the same points at lesser speeds."

A Striking Case.  
"Yesterday afternoon a group of six cars was held up at one of our control points, they had twenty minutes to catch the ferry, and they must have done it, for none came back. The officers pointed out to those out-of-bound visitors that to let less than half an hour for the trip from Victoria to Sidney was to outrage, in advance, all decency which can be looked for from traffic control officers," declared Chief Brogan.

"Though Saanich welcomes these visitors, there have been many complaints as to the danger they are causing by such speeds, and I hope the early installation of warnings on the ferries will put an end to the complaints."

**NEW DODGE CARS HAVE ARRIVED**  
Higher Lines Give Illusion of Heavier Weight

A few weeks ago the following advertisement appeared simultaneously in the daily papers throughout the United States and Canada:

"Dodge Brothers announce a Business Coupe, and conservative changes in the body design of all other types." It was natural that this simple announcement would create lively curiosity in the public mind, in view of the fact that there had been no change in the body design of Dodge Brothers cars for over six years, during which time some 700,000 cars have been marketed. "What will the new car be like," is the question which has been heard on every hand, the general consensus of opinion being that it would be worth while to wait and see.

The first carload of the new touring cars was unloaded this week by the Victoria dealers, A. E. Humphries Motors, Limited. The changes which have been made are in line with the popular demand. The radiator has been raised nearly four inches, the splash shield now conceals the front axle, and cowl and hood have been raised to conform to the height of the radiator.

Door handles are now on the outside. The top is of a new design, requiring only one support for the bows. The side curtains, which open with the doors are fitted with large lights, which a special process renders impossible to scratch or deface while being carried in the top.

A new Dodge business coupe will shortly be introduced in Victoria. This is the first all-steel closed car ever marketed, having the same lustrous baked-on enamel finish for which Dodge Brothers open cars have long been famous. This design anticipates every requirement of commercial travel. It ensures unusual quietness, grace and stamina. The upholstery is of leather, which will wash and wear. The seat is wide and comfortable. Carrying compartments are accessible and spacious. The car is equipped with a heater, dome light, window levers, windshield cleaner, cord tires, Yale door locks and every other appointment necessary to the owner's comfort and protection.

## CONDITION OF ROADS

Tourists who have visited Vancouver Island during the past week have made the following report to the secretary of the Vancouver Automobile Club regarding the conditions of roads in many places: Nanaimo-Parksville, excellent; Parksville-Port Alberni, very good, no dust; Parksville-Campbell River, loose in spots. Advice indicates that most of the roads are very good.

A special map showing all the trunk roads of British Columbia has been prepared by the Department of Public Works in Victoria and sent to the Automobile Club. Small prints of it will be made by the local organization for the guidance of motorists who desire to tour the province. It shows whether roads are paved with concrete or bituminous material, and all projected extensions. The total approximate mileage of these roads in the province is given as 23,775.

**KIWANIANS PLAN ACTIVE GREETING FOR VISITING MOTORISTS**

Novel Plan to Secure Practical Suggestions Will Be Adopted Here

At the suggestion of Tom Morryson, of Revercomb Motors, Ltd., the Kiwanis Club is about to initiate in Victoria a scheme to make visiting motorists feel the hearty welcome accorded to them and at the same time secure their co-operation in equipping this city with such conveniences as the visitors may have noted as lacking. Mr. Morryson has had printed a large number of welcoming cards, each being at the same time a means for suggestions and a record of the interested visitor.

It is planned that each member of the Kiwanis Club shall have with him at all time a number of these cards for use in the following manner. Upon noting a foreign motor license plate, the Kiwanian would hand over a card bearing his signature, under the caption, "You're a visitor; as a citizen permit me to welcome you to Victoria, the city of sunshine and flowers." It is considered that such an action would be sufficient to break the ice with the stranger, and as it is probable that many of the Kiwanians will meet and greet the same visitor, it is considered the effect will be excellent.

Half the card is detachable, for use as a suggestion postcard by the guest of Victoria. Should the card be mailed to Secretary Walker of the Kiwanis Club it will prove the interest of the visitor in the improvement of the city and will be a means of keeping in touch with him through the Chamber of Commerce, the Publicity Bureau or any other public organization, while the tabulated suggestions will be invaluable in carrying representations to the Council or mercantile bodies.

The cards will be formally laid before the members of the Kiwanis Club at next week's regular luncheon.

**FIRM SPECIALIZES IN NEW SUN VISOR**

Reorganization of the firm of Minty & Hill, battery specialists, 1819 Douglas Street, has recently taken place. Mr. Hill has withdrawn, and being succeeded by William White, marine and electrical engineer. Mr. White has been identified with coastal vessels for nearly 12 years. He came from San Francisco here two years ago. C. W. B. Hill, the late firm partner, has left for the Old Country.

The new firm is featuring a sun visor for use in automobiles. This invention is in universal use in California, where it has been proven that green glass is not only the most effective protection to drivers from the sun's rays, but is also valuable as a preventive of accidents from approaching headlights.

## OKANAGAN ROAD MAP

The Associated Boards of Trade of the Okanagan following the recent meeting at Kelowna have already begun preparations for the issuing of a road map of the interior and the co-operation of the Boards in the different districts has been secured.

D. McN. Lowe, of the Penticton Board of Trade was in Vernon this week gathering definite data for the map, having motored from Penticton when he prepared a log. From here he motored to Salmon Arm with Mr. A. E. Godfrey and from there proceeded to Kamloops. He will return to Penticton via Merritt, and Princeton.

It is expected that when the map is issued that it will be of great value to motoring tourists as it will give exact information as to mileages, and the different routes.

**NOTHING TO EQUAL OUR OWN SHOW**

Victorian Back from California Welcomes Cool Bright Days

Malahat and Island Scenery Quite Unrivaled

"Although I travelled nearly 3,500 miles in two weeks of travel between Victoria and Southern California, I never passed any scenery to equal that of the Malahat existing within twenty-five miles of Victoria," said "Andy" McGavin, on his return to business this week.

Word that the wanderer had returned—with a store of road lore swiftly spread around the business section of the city, and Mr. McGavin has been acting the role of Nestor to many prominent citizens during business hours.

"I put up at hotels all the way down, and found excellent accommodations; though the good advice given me by a Pierce-Arrow road companion is worth passing on: 'Do not drive up to the hotel entrance; leave the car around the corner, and then you won't be rushed into the best suite at tip-top prices,' said my unknown adviser, and he was right," Mr. McGavin warns.

"The roads are generally excellent, with the Washington and Oregon highways now superior to the famed pavements of California. At all the cities I visited I found the automobile clubs most active and helpful, while the spread of the campaign movement amazed me," he said.

## Campsites Pay.

Mr. McGavin noted that the smaller the town the better were the arrangements made for the tourist. Firewood and showerbaths were available without cost at many of these camping places. The merchants support this movement for campsites of comfort wholeheartedly. They want motorists to stop a while and buy something. Tourists evidently appreciate this regard for the stores, do well from this transient patronage," notes Mr. McGavin.

"There is no wonder that such

numbers of American cars are now visiting Vancouver Island, the roads from here southward, via Anacortes, are easy to negotiate, and save for detours and a 117 mile section in Northern California, are all hard paved. It is planned to complete the paving all the way by 1924, and I expect that the visitors to Victoria will greatly increase," said Mr. McGavin.

## Torrid South.

"There is one thing which should make for a great increase in popularity of this island, and that is our mellow Summer weather. The heat in California at this time is almost unbearable, tourists are dressed in as little as will accord with decency, and the comparison with Vancouver Island conditions is incredible to those who know nothing of what Summer means to less favored lands," declared the returned wanderer with evident pleasure.

"I had but one road adventure, and that was only a minor affair. I was roadmate for hundreds of miles with a Pierce-Arrow, and my Studebaker held her own with the plutocrat all the time. Eventually I ran away from the other fellow in the California hills. Despite the heat, the engine gave no trouble at any time, while the power reserve delighted me. There was no hill which demanded second gear, this being a tribute to both the car and the magnificent engineering shown by the roadbuilders."

Some days I travelled 340 miles, and never went less than two hundred, that also is a testimony to highways and the car," said Mr. McGavin, who apparently considered the personal feat of driving 3,324 miles in ten days was not worthy of more than ordinary comment.

Reuben—"Some one has said that in his world a man must be either a villain or a hammer."

Glyn—"He was wrong. Some men are neither; they are merely bellows."

Touching the high spots is tough on tires. The impact, in pounds weight, on a tire when it lights from a leap is tremendous. When you hear the figures you wonder that any tire can stand such a strain. But the "Gutta Percha" Tire does. It rather enjoys roughing it, because "Speed" is what it is built for—speed and endurance. The speed lover can drive carefree if he uses "Gutta Percha" Tires.

NOTE: In a record speed drive from New York to Ottawa, a distance of 457 miles, in 11 hours and 10 minutes, four "Gutta Percha" Tires stood the gruelling without a stop.

## Camera Lovers' Contest Is Now Starting

NOW that the schools are closed for the Summer holidays, camera lovers have ample opportunity to get to work at their hobby. It takes time to take pictures, more particularly where the best and most interesting of subjects generally lie far afield. For the benefit of those of our readers who are not acquainted with the pleasure of photography as a hobby let it be said that there is no time like the present when all out-of-doors invites the eye and holds the attention.

Commencing on Monday a weekly photographic contest will be staged until the end of August. There will be one award in each class every week and a special series of prizes to be given at the end of the two months. The contest is open to all girls and boys of the age of sixteen years and under, with the only stipulation that the actual taking of the photograph must be the work of the contestant unaided by others.

If the pictures submitted, and no limit is set to the number that may be entered, are taken, developed and printed all by the contributor so much the better, but the actual taking of the contribution will be sufficient. It is not likely that many of our readers of these ages will be capable of putting a camera study through all its stages alone, so the developing and the printing will be waived.

To explain more fully what is intended let it be said that in the actual taking of the photograph for this contest is included in the conditions that the contestant must choose, unaided, the subject, prepare the camera for the exposure, and take the picture. After that it is immaterial who develops or prints the result, though if the picture is carried through all three stages it should be so stated.

As this is the Summer season and there is so much to be seen and done out-of-doors, interior photography will be left out of this contest. The contest will be divided into three main groups, namely, novelties, beautiful places, and people.

In the novelty class, of course, would fall all pictures of an unusual news interest, such as rarely seen sights, curious tree or animal life studies, and all that could be said to be unusual or novel. Perhaps the clearest example of this would be wild animals playing foster mother to domestic pets.

Under the heading of beautiful places photographs of the quiet and lovely places of land, wood, or water would come naturally. The sight to be seen from the Malahat loop over the Saanich Arm is a time-worn example of this, but there are many beautiful scenes not often caught by the camera.

Included in the photography of people, is, of course, all the more intimate pictures that can be taken of relatives, lovable children, Indian studies, or any human being that appeals to the eye of the camera as lovable, quaint, or picturesque. An obvious example of this would be a little girl playing with her dollies, or her still smaller brother mastering the art of walking for the first time.

Now there is nothing difficult or troublesome about these three classes of pictures. Hundreds of examples will occur to your mind. Just take a camera and seek the open, and it will not be long before scenes present themselves that will attract you. What attracts you will most likely please others, and that is one of the simple secrets of pleasing photography, the kind of picture you would wish for your album.

A prize of one dollar will be given for the best photograph submitted in each week, with two prizes of half that amount for the next two in order of merit. The prizes will be awarded irrespective of what type of picture is submitted, so long as it be one of the three types outlined. All photographs will be filed until the end of the contest for inclusion in the judging for the final award. The judging will be performed by a competent authority whose decision will be final in all cases.

Three prizes will be awarded in the final judging, five dollars for the best picture submitted, three dollars for the next in order of merit and two dollars for the third. A special prize will be awarded to the contributor who submits the best series of pictures over the entire contest. The contest is now open and will close on August 31. For inclusion in the weekly judging all pictures must be in by Wednesday of each week. Contestants will understand that their entries will in all cases be held until August 31 to be included in the final judging, as well as in the weekly contest when submitted.

Here are the rules in brief, so cut them out for reference:

1. Open to all of sixteen years of age and under.
2. Actual taking of picture from choice of subject to exposure to be work of contributor unaided.
3. Entries to be submitted care Photographic Contest, The Times, City, before 8 p.m. on Wednesday in each week.
4. All pictures to be taken subsequent to the publication of this issue and under these rules.
5. Age, name and address of contributor to be clearly stated.
6. Where photographs are requested to be returned to the contributor, a stamped envelope must be sent with the contest entry.

### OSTENTATIOUS GIVING

Illustrative perhaps to the highest degree of quiet but convincing rebuke the new minister's announcement of the text for evening left his congregation speechless. He had on the completion of the morning collection, found three buttons in the collection plate. Without a flicker of so much as an eyelid he announced the evening text: "Render your heart, and not your garments."

### QUITE LOST

It was during the Fall elections and the member, seeking re-election, was campaigning in the outlying districts. He would shake hands with the men, and congratulate the ladies on their beautiful children. Infants, however, stumped him. Meeting Mrs. Flannigan at the general store the member bent in interest over her small infant in a carriage and ejaculated: "Oh, he is a cute little fellow, isn't it—that is, I mean, she."

### FAIR WARNING.

A Mobile dandy was asked what name he had given his youngest son. "Erasmus Pro Tem Johnson sub." "But why the Pro Tem?" "Well, sub, dat am to show de name am only temporary, sub. We figured as how Erasmus might want to choose his own name when he grows up, so we put in 'Pro Tem' as a warnin' to de public."

### FOR CHILDREN

## The Sandman Story For To-night

### LITTLE CHURCH MOUSE

LITTLE Miss Mouse lived in a big church all alone, but she did not mind that at all. She liked it, for no one bothered her and never did a pussy cat come near her dwelling.

To be sure there was no cheese or nice rich crumbs, but there were no traps either, and Miss Mouse could run all over the place day or night and never feel a bit scared that she would run into danger.

On Sundays, of course, she slept nearly all day and part of the night for her bed was near the big pipe organ, and when the loud tones rolled out little Miss Mouse ran down the steps and along by the wall to a far corner of the big room and crept under a seat.

Sometimes she nibbled at the books she found in different places. Once in a while little Miss Mouse found a piece of candy dropped on Sunday by some little boy or girl. While she did not suffer for food, Miss Mouse was not as plump as her relatives that lived in the walls of houses near a pantry.

But Miss Mouse had no thought of things found in a pantry, for when she was very young she was chased one day by a house pussie and to escape ran under the steps of the church. Then she found her way inside and here she had lived ever since. Once in a while she ran out through a crack and ate berries from a small bush back of the church. There

was always plenty of things she could eat and Miss Mouse thought she was a very fortunate creature and held her head very high when she chanced to meet one of her many cousins which she did once in a while near the church.

She never stopped to talk, for living as she did in a big church, Miss Mouse felt it beneath her dignity to be intimate with those that lived in crowded walls.

One day while little Miss Mouse was taking a walk she overheard one of her many cousins say to another, "There goes Church Mouse, poor little thing. Look at her! She is thin as a string bean."

"She is our poor relation, my dear. I always feel ashamed to mention her, for everybody knows how poor a church mouse is. I don't suppose she ever tastes a bit of cheese or any of the dainties we find in the pantries of folks' homes, but I always speak to the poor thing. I feel so sorry for her because she lives in the awful place where there is nothing to eat."

This was more than little Church Mouse could bear without speaking her mind. "You are quite mistaken. I have plenty of food," said Miss Mouse with great dignity. "Though it is quite true I do not have food from pantries, for I do not approve of such bad manners. Taking things that do not belong to you is wrong, which you would learn if you lived in a church and hears the things that I do."

"How any one can live in crowded walls of a house is more than I can understand, but then I have always been used to a large house and plenty of room to run about." And with a pert little nod of her head Miss Church Mouse tripped across the road and entered her doorway to the church.

"Well I never," exclaimed the cousin mouse, who had pitied Church Mouse. "Here I was feeling sorry for the poor thing and she thinks herself above us because she lives in a church. You have to be so careful how you treat these poor church mice."

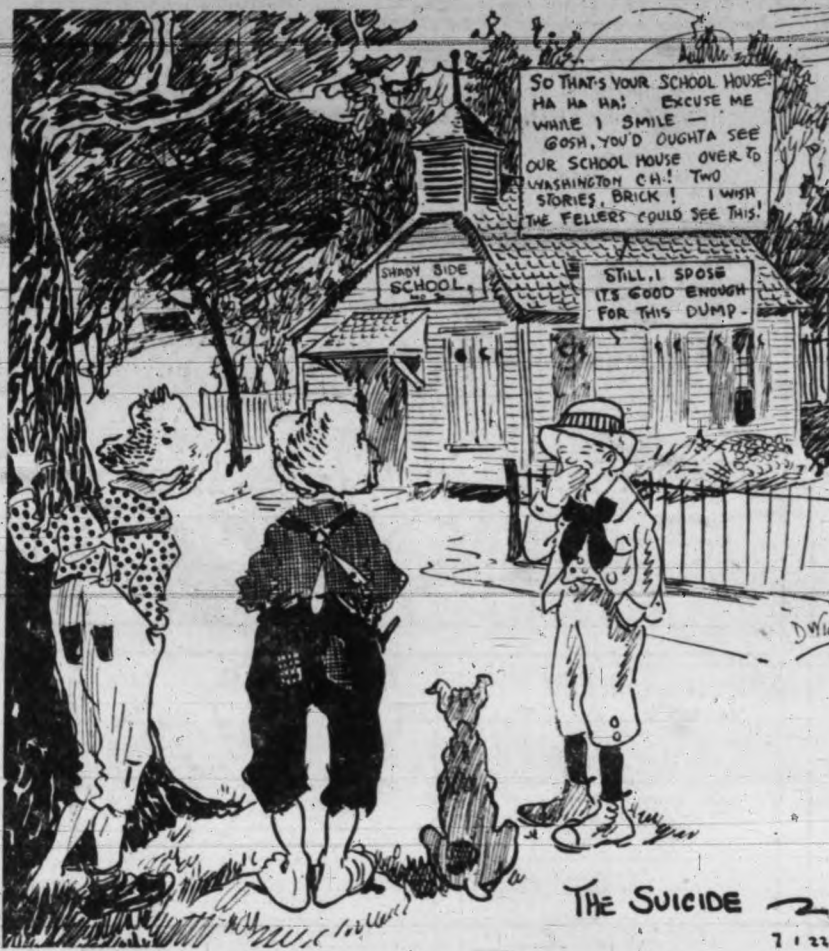

"Poor but proud, I should call her," said the other cousin.

Little Church Mouse did not feel poor but she did feel proud, and the saying, "Poor as a church mouse," to her was all wrong.

"It should be," said Miss Mouse, "as wealthy as a church mouse." Which proves that it is only the way you look at things that makes them so.

Courtesy is the eye which overlooks your friend's broken gateway, but views the rose which blossoms in his garden.—The Buzz.

## SCHOOL DAYS By DWIG

## Was Man Once a "Superman"?

MAN takes a pride in being the highest form of animal life on the earth, and takes for granted the fact that his senses are very much more highly developed than those of the beings he is apt to refer to as "the lower animals." All this is very true and as it should be, but at the same time it is a great mistake to think that mankind has a monopoly of the useful senses.

What is it that will call a vulture out of the clouds to a prey that was out of its sight when killed or dying? What is it that brings sharks in ever increasing numbers to the scene of a dead whale or of human flesh in the water? On the bottom of the ocean what inspires the humble crab to turn around and dart off in a direction that will bring it to a tasty morsel that was far out of its sight or possible knowledge? What is it that sends the moth, wandering through the night at random, heading in a certain direction to find a waiting mate? Is it chance?

Surely it is more than chance, a keenness of perception of sense unknown to mankind, that brings these things to pass. The shark smells blood, it is affirmed, yet whether this be so or not he will travel many miles to the exact spot where lies an hitherto unknown victim. The vulture has this sense in the airy medium of his flight. The lowly crab senses a meal that his eye cannot see and one that must be without any distinguishable odor. Nor can it be sound that acts as the agent that summons these creatures so unerringly, for distances are

traversed that would make the chance of sound reaching so far from the particular disturbance that originated it impossible.

It may be that mankind had this extra sense, or instinct say, in the days gone by and that he lost it as he gathered to himself the more artificial mode and ways of living. He, year by year, depends less upon the once normal way, and seeks ever the new and yet more artificial. His instincts, if he has any left, are becoming dulled and unresponsive, and give way to thought and reasoning, where often the instinct would bring him to a successful result where his mind cannot reach.

Mankind given the relative power of the common ant, the hearing of his own fox terrier, the sight of a hawk, and the instinct of direction that is held by the household cat would be a superman. No doubt in ancient times he approximated all these qualities of super sensitivity, but mankind is fast losing this keenness of sense, and rapidly becoming more dependent on his mind for the prolongation of his very existence.

Leaving for a holiday a business man instructed his butler to write from time to time and let him know how the house fared, and if everything continued in order. When the family had gone James sat down to write his first letter. "Sport is dead," he wrote, referring to his employer's favorite retriever. By return mail he got a letter telling him to be more explicit and give details. "Well," he wrote in reply, "the dog kennel caught fire and Sport was chained to it. You see, the house was ablaze and set alight to the kennel. The house took fire when the cook fell down the cellar steps and broke her neck, but outside of that there ain't no news." The business man came home, long distance correspondence was too costly!

## How to Make Canoe Seat Backs

Seat backs add about fifty per cent to the comfort of a canoe. No canoe

should be without seat backs for dimensions given in the drawing. Lay this craft for they are very easily the two cross-pieces on the floor, constructed and at little expense. Any straight-grained, light wood level surface, and tack them down will do for stock. Cut it to the dimensions so that they may be easily

## An Adventurous Trip

Still Further Adventures of Ben Smith and Tom Seeley. Contributed by Mrs. Harrison Eke.

NOTHING seemed to arouse the interest within the farming community of Glenville more than that exhibition week. There was a general hum of business everywhere. Few, perhaps, were more excited than Ben Smith and Tom Seeley, the latter a youthful helper about Smith's farm and a chum of Ben's. Already the team of horses they had entire charge of were wearing the blue ribbons.

"I suppose there's lots of visitors?" queried Tom as they hitched up preparatory to driving in to spend the day at the fair.

"I should say there is," promptly replied Ben, dropping a link of the chain attached to the trace within its hook, "and," he continued with importance, "Seth Lloyd is to be there with his aeroplane." He used to work for Pa before the war. Then he joined the air force.

"And what's he going to do with his aeroplane?" asked Tom interested.

"It isn't really his own," explained Ben, "it belongs to the Red Cross. Seth's been making trips so much per head to help."

"Lummie," cried Tom excitedly, "how much does he charge?" Tom had visions of a dollar trip to the moon.

"A whole lot. You can bet your boots on that!"

Tom's hopes fell to zero and rose again as he suddenly thought of his spending money tied in the corner of a blue spotted kerchief in his pocket.

"A whole lot," he repeated, "I've got five dollars, Ben. I could spare a dollar of that easy as anything." He thrust his hands in his pocket and pulled forth the blue spotted kerchief.

"A dollar," smiled Ben, "I heard Pa say the charge would be about ten dollars."

Tom stared at Ben in surprise. Then he stood for a moment deep in thought.

"Say, Ben," cried Tom, "do you think he would take us up for a dollar? It wouldn't be as far as the people who pay more, but perhaps far enough by the time we came down." He had a way of embellishing his suggestions which excited keen interest and desire in Ben.

Consequently he seldom failed to fall in with whatever Tom proposed. He looked up from the strap he was pulling through the buckle.

"That's a dandy idea, Tom, 'spose we ask him." Ben's parents were already on the road.

The two boys were left to follow. Their task completed they jumped into the rig, then with a flick of the whip they started off, arriving at the fair grounds almost as soon as their elders.

"Now, boys," advised Mr. Smith, meeting the boys at the gate, "go around and see everything worth while. We'll meet you here later."

"And, Ben," warned his mother as they were about to go, "don't eat too much of anything. It's not good for you."

"All right, ma," answered Ben as they turned, and then to satisfy the longing of the inner man they went straight to an ice cream booth.

Forgetting his mother's warning, he bought two cones. Tom did likewise and they then went on again. The hot sun, however, played havoc with their purchase. It soon began to trickle down the side of the cone, then someone bumped into them and that was the end of the ice cream.

"That served me right," said Ben, wiping his fingers with his handkerchief as they jested their way through the crowd.

"I should have paid attention to what Ma said."

It was too early for the noon-day meal, yet it was surprising the number of calls for fried sausages, fish and chips, broiled steak and onions, the caterers had from their early diners.

Tom stopped a moment and gazed on the sizzling edibles in the windows, wiping the perspiration from his brow with his blue spotted kerchief.

"Wonder why folks eat more Christmas and fair weeks?" queried Tom with a puzzled expression on his face.

"Test their digestions I should think," said Ben turning in the direction of the show.

Tom followed gazing with interest at the many attractions advertised in large flaring type on white cotton signs.

"Performing animals," Tom read, then turned away in disgust.

"Aren't you going in, Tom?"

"No," answered Tom sheepishly. "I saw performing dogs once and they were scared to death. I didn't like the show a bit so I came out."

"Who'd you go with?"

"Joe Wilson, one of our old school boys."

"Joe Wilson," repeated Ben. "I knew a Joe Wilson; but, of course, it wouldn't be the same one."

"Perhaps not," returned Tom, biting his lips at the mention of the name. "He got me into trouble once so we won't talk about him."

Tom continued to read the different signs as they passed on.

"Which one shall we go in?" asked Ben; he was not keen on choosing. He gave Tom the credit of being the better judge, even in innocent amusements. Where Tom went Ben followed. Suddenly they halted in front of a show over which hung a huge picture of a waterfall tumbling over rocks into blue foamy waters.

"Wonder what they do here," mused Tom. Ben gazed up at the picture and wondered too.

"Don't know," he said without removing his gaze from the picture.

"Praps somebody goes over the falls in a barrel," said Tom. "You remember reading of a man who did that?"

"Yes, I remember," replied Ben. "He was never heard of again."

"That's right," said Tom, "sharks eat him, I think."

"Let's go in anyway, it only costs ten cents."

"Sure," agreed Ben. "It must be some risk-your-life water stunt by the picture."

"What do we see, Miss?" he asked politely.

"Lots," the girl replied, smiling.

"Of what?" asked Tom again.

"Go in and see. It wouldn't be fair for me to tell you. You'd lose interest. Besides, I'd lose my job," was the curt reply.

They turned from the wicket and passed through the door into the mysterious darkness beyond. Just what happened when they went through the entrance curtain into the show proper was hard to relate, until they collected themselves. Huddled along by those in the background over a grating, Ben stood holding his cap on while his coat and pants flapped over a sixty-mile current of water.

Below, Tom followed, pushing Ben forward, noticing his confusion. Ben wanted to run back, but was pushed on by a laughing group at the back of them into a small room. A seat for two was the only article therein. Being the first, they settled themselves, with the assurance that they were to witness a performance. In this they were disappointed. The seat wriggled horribly. The mechanical device in connection with it opened up a slit in front of them, exposing a well polished shaft. Down this, the two boys had perforce to go, landing at the sunlit exit in an ungainly heap. Ben quickly jumped to his feet, laughing heartily. Tom followed and stood for a moment, gazing stupidly around. Then he burst forth angrily.

"That's cheating."

Ben looked up at the sign, smothering his laughter.

"Over the Falls, yes, that's just what it says. It was more like a nightmare," exclaimed Ben bursting into another fit of laughter. This irritated Tom.

(To be continued.)

## Y. M. C. A. Camp at Beaver Lake

THIRTY-SIX preparatory boys had the honor

of opening the Beaver Lake camp which is being conducted by the Y. M. C. A. for those

boys who are yet puzzled as to the best manner in which to use their vacation. Ten tents have

been erected with a splendid dining pavilion with a kitchen attached comprising the important

features of the camp equipment. In erecting the pavilion the decision was made on a

two fold basis, that in rainy weather the boys could adjourn to this spacious shelter and enjoy

the favorite recreations without hindrance and that it was more suitable than a tent for having

meals in.

There are thirty-six boys out there now. This number is expected to be double at the commencement of next week, and registration forms

are asked to be sent in early as accommodation can be made. The camp season will be in session

for about six or seven weeks while the site of the C. Y. A. T. will take it over after this

until the end of the vacation.

Sports of all kinds are obtainable at this splendid camping site, and the boys who are out there at present are having a delightful

time under excellent weather conditions. There is a fleet of boats and canoes for the boys,

while swimming is a favorite pastime. A twenty-five foot diving tower proves a popular

feature in the aquatic sports, while the tanks that are there assure complete safety for the

younger boys who are learning or have just learned to swim.

Lessons in woodcraft are attracting camp-wide interest while the amateur show night

was a great success. During the week the boys went on hikes the last one being over to Cordova Bay, which provided some fine recreation.

Games are also included on the programme, quoits, baseball and various other competitions

enlivening the camp life. A camp fire every night around which all the boys gather creates the necessary community spirit among the

boys. This enables the boys to know each other and encourages a social atmosphere about the camp.

## CAN'T REMEMBER ONE WHO DID

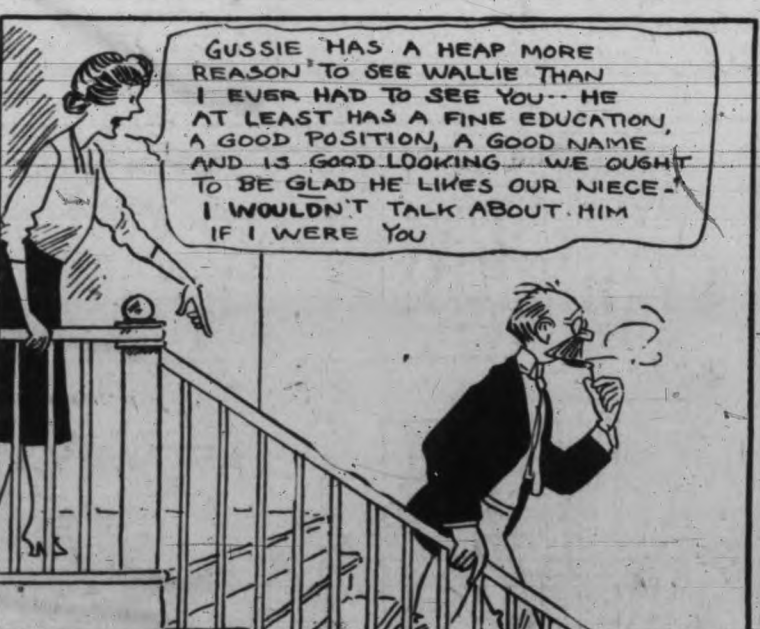

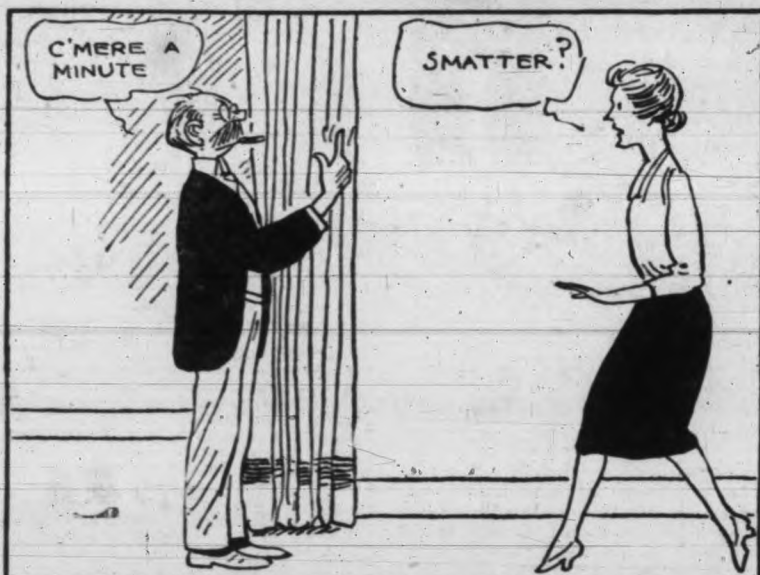

As a rule the chap born with a silver spoon in his mouth doesn't make much of a stir in the world.

## Full Size Cake of PALMOLIVE Soap

MADE IN CANADA

This is a generous offer. An offer of a regular, full-sized cake of famous Palmolive Soap a-b-s-o-l-u-t-e-l-y free!

No strings to it, either—it is open to everyone, anywhere, who reads this advertisement, and we hope all who do will accept it.

We expect to give away thousands of cakes—the more the better. Why? Because we know that all who secure and use this free cake will become Palmolive enthusiasts. Every gift cake will make a permanent customer.

For no matter how much we tell you about the smooth, creamy lather of Palmolive and its wonderful cleansing qualities—

Or all we can say about the mild, balmy Palm and Olive oils which make this lather a real complexion beautifier—

An opportunity to make the acquaintance of the attractive, fragrant, luxuriously lathering cake is better than all the explaining. Palmolive does its own persuading—when you have used up this free cake no other soap will satisfy you.

And don't let the thought of price disturb you when you are enjoying the abundant, lotion-like lather.

Palmolive is the largest selling toilet soap. Volume and manufacturing efficiency produce 25-cent quality for only 10 cents—the price you pay for ordinary toilet soap.

You can afford to use Palmolive for every toilet purpose. It will help you beautify your complexion, keep your hands soft and your body smooth and comfortable.

### Present This Coupon At Once

Don't miss this chance to make the acquaintance of the finest, most popular toilet soap absolutely free. Nothing to do but sign the coupon and present it to any store that sells toilet soap. Your gift cake will be handed you with our compliments.

Don't lay this paper aside with the intention of using the coupon later. It might be lost or destroyed.

Tear it out now—

Sign it now—

Take it to your dealer tomorrow.

This Coupon May Be Redeemed By Dealers  
Wherever This Newspaper Circulates

If Presented Within 10 Days After Publication Date

Present this coupon to any dealer who handles soap  
and it will be accepted as full payment for

### ONE CAKE OF PALMOLIVE SOAP

NOTICE TO DEALERS: This coupon when properly redeemed will be paid for by us at 10c, when sent to The Palmolive Co. of Canada Ltd., Winnipeg, Man. It must be signed by the party receiving the free soap and only one coupon to be redeemed by a family. Coupons cut from papers purchased from newsdealers will positively not be redeemed by us.

The Palmolive Company of Canada, Limited.

## LARGE GATHERING WILL BE HELD

Brotherhood of St. Andrew to Meet in Seattle Shortly

Preparations are in hand for the 37th Annual Convention of the Brotherhood of St. Andrew in the United States, which will be held in Seattle August 30 to September 3. This will be an international conference of Episcopalians and Anglicans. Special attention will be given by

the convention to the training of the lay in Christian citizenship. Some of the subjects for conferences, lectures and addresses will be: "The Individual Christian in Action," "The Master We Serve," "Answered Prayer," "The New Junior Plan for Boys and Young Men," "The Christian Army: Its Junior Officers' Training Camps," "The Victories of the Soldier," "The Soldier's Family Prayer and Religion in the Home," "Place of Music in Worship," "Breaking Gospel Trails in Alaska," "The Spiritual Contribution That English-Speaking Peoples Must Yet Make to the Civilization of the World." Some of the bishops who will attend are: Bishop Gallor, President Presiding Bishop and Council; Bishop Lloyd, Bishop Suffragan of New York; Bishop Defensor of New Westminster; Bishop Keator of Olympia; Bishop Rowe of Alaska; Bishop LaMothe of Hawaii; Bishop

Darlington of Harrisburg; Bishop Darst of East Carolina; Bishop Tharston of Oklahoma; Bishop Moore of Dallas; Bishop Partridge of Western Missouri; Bishop Brown of Virginia; Bishop Wise of Kansas; Bishop Howden of New Mexico; Bishop Morrison of Iowa, and many others yet to be heard from.

Some of the clergy who will be speakers and who are known nationally are: Dr. Floyd W. Tompkins, Rector Church of Holy Trinity, Philadelphia; Dr. George Craig Stewart, Rector St. Luke's, Evanston, Ill.; Dean J. Wilmer Gresham, Grace Cathedral, San Francisco; Canon Winfield Douglas, St. Paul's Cathedral, Fort-du-lac, Wisconsin; and Rev. Charles T. Bridgman, Foreign Born Division, Department of Missions, New York.

Some of the business men who will be speakers and visitors who are national figures in the church and business world: Edward H. Bonsall, Vice-President, Land Title Co., Philadelphia; Courtenay Barber, Vice-Chancellor, University of the South, Sewanee; Warren Hires Turner, Turner Glass Manufacturing Co., Philadelphia; Alexander M. Hadden, retired capitalist, New York; George Stansbury, Manager Standard Oil Co., Louisville, Ky.; Hon. George A. King, Attorney, London, England; C. F. Mant, Superintendent Seamen's Institute, Honolulu, Hawaii; H. Lawrence Choate, Penn Mutual Life Insurance Company, Chicago; Lieut. Herbert A. Mowat, General Secretary Brotherhood of St. Andrew in Canada; J. A. Birmingham, Mutual Life

Ins. Co. of Canada, Vancouver, B. C.; J. L. Houghteling, Jr., Peabody-Houghteling, Bankers, Chicago; Johnny Fred, Alaska Indian Missionary; G. Frank Shelby, General Secretary of the Brotherhood of St. Andrew in the United States; National Secretaries Brotherhood of St. Andrew: Edward Shields, New Orleans; Frank C. Da Moslin, Brooklyn; John L. Alexander, Detroit; Clarence Erickman, Detroit; Geo. H. Randall, Philadelphia; Franklin H. Spencer, Philadelphia; Charles Cain, Philadelphia; Francis A. Williams, Philadelphia; Robert E. Anderson, Powers & Anderson, Richmond, Virginia.

Women of national organizations of the church, who have already made reservations to attend are: Mrs. Denmore, National President of the Daughters of the King, Mrs. Lamb, Diocesan President of the Daughters of the King, of the Diocese of Colorado, with her daughter. Hyland Hall, Episcopal Girls' hall at the University of Washington has been assigned as headquarters for the King for their accommodation and headquarters.

## SCOTLAND HAS CHURCH FINANCE PROBLEM TO MEET

Secretary of State Explains Situation; Church Union

The Secretary for Scotland (Sir Hon. R. Munro), president of the International Business Men's Committee on Church Finance, speaking recently at a meeting in Glasgow under the auspices of that committee, of the present unsatisfactory financial position of the churches and the weekly free-will offering system submitted as a remedy, said that the committee was instituted in 1913 by business men who saw the efforts of the church crippled, and even in many cases paralyzed, by financial embarrassment; the home work of the churches denied expansion and development through want of funds, and the Christian ministry, competent, energetic, and enthusiastic, haunted and harried by financial considerations and constrained to accept a wage which would be despised by any foreman tradesman to-day. The fault was not the fault of the people, but the fault of the system, or perhaps he should say the lack of system. The system lacked co-operation, co-ordination, inspiration, and—driving force. It was archaic and ineffective in its operation. The committee came to the conclusion unhesitatingly that the key to the whole problem was the weekly free-will offering system.

That system was founded upon sound business principles, and it bore a proper relationship to the true spirit of Christianity. There were difficulties in the way of the system being generally adopted. Church rulers were not only in many cases conservative in their outlook, but they had been accustomed to the old system. They hesitated about making the plunge. Scotland to-day had an opportunity of vindicating her reputation as the home of sound Protestantism and the pioneer in all ecclesiastical and educational reform questions. He hoped the opportunity would not be lost. Referring to the question of church union, Mr. Munro said he was glad that the two great churches were now one in creed and doctrine. Tomorrow he ventured to think they would see eye to eye on the matter of endowments and he would not be well, he added, if they should also, both in resolve and in endeavor, be united in placing their congregational revenues upon a sound business-like footing, and so provide an inspiration and a challenge to all the churches in Christendom.

## DR. CAMPBELL MORGAN WAS TO HAVE BEEN TEACHER, HE SAYS

Rev. G. Campbell Morgan, who preached a wonderful sermon here recently, has told a Grand Forks audience something of his early life. He stated that was to be his last address to a Canadian assembly. He has been addressing meetings from the Atlantic to the Pacific, in company with the Rev. F. A. Robinson, since the last day of March, having commenced in New Glasgow, N. S., and speaking at all the important places south of the St. Lawrence.

Mr. Morgan wound up his address by telling something of his own life and family, saying that he had been trained for a schoolmaster until 30, his father being a minister, would never allow a novel in the house. His father lived to be 80 and lived with him till his death. To-day Dr. Campbell Morgan has three sons in the ministry and a fourth son in preparation. He has paid 40 visits to this continent, this visit being under the auspices of the Presbyterian Church.

Services at St. John's.—There will be early communion service at 8 a. m. at St. John's Church on Sunday, and at the 11 o'clock service, in accordance with the plan that has for some time been followed at St. John's, special attention will be paid to the young people in the services. Children are particularly invited to attend this service with their parents, children's hymns will be sung and the address which will be given by the rector, Rev. F. A. P. Chadwick, will be of interest for both young and older. In the evening at 7.30 the Loyal Orange Association of Victoria will parade to the service.

## BUTTONHOLES GO BARE

So Few Flowers Used, West End Tailors Put None on Dress Coat Lapels for Modish Londoners

London, July 8.—The wearing of khaki for so many years killed the wearing of boutonniere bouquets and there is no sign of resurrecting the blooming habit. In Hyde Park this morning a careful observer, keeping a sharp lookout, counted in the throng only half a dozen men with boutonnieres and none of them was young—all were contemporaries of the most notable of the half dozen, Sir Frederick Hanbury, chairman of the Great Northern Railway, who represents the City of London in the House of Commons. And Sir Frederick would as soon appear without a carnation as without a silk hat.

There is, of course, no lack of material for boutonniere bouquets. Just now the flower sellers have gardenias and lilies of the valley in plenty, but the young men who buy them do so not to wear but to give away. It is not only at parties in Hyde Park that the boutonniere is noticeably absent. Time was when at big dinner parties every man guest decked himself with a flower. Not so now. It is the same at dances, and West End tailors do not now provide a boutonniere in the lapel of dress coats. When the guests at a wedding party appear aggressively festive and are quickly hidden away. It was once written accurately: There's never a delicate nursing of the year. But our huge London halls it and to wear it. That must be qualified now. The King invariably wears a boutonniere when he is in muffs, and the Prince of Wales too. But the Prince has been absent from London so much that the young men seem lost without a contemporary leader or fashion. Perhaps now that the Prince has returned the boutonniere will reappear.

## NEW THOUGHT TEMPLE

525 PANDORA AVE.

SALVATION ARMY SERVICES.—There will be special meetings all day to-morrow at the Salvation Army Citadel, Broad Street, led by Commandant and Mrs. Hodinott, and newly arrived officers who were given an enthusiastic welcome last night. Major Smith, the hard-working social officer, has been compelled to go on furlough, and his place will be filled by Captain Stewart, the officer first in charge of the mission at the Salvation Army Citadel, Broad Street. He is returning with his wife and child from Regina, Captain Mead, who assisted Major Smith in his duties, is appointed to Fort William, and Lieutenant Campbell will take his place in the social work here.

## MISAPPREHENSION

London, July 8.—It is stated by the Society for the Propagation of the Gospel that for many weeks past letters have been arriving at S.P.G. House from ex-soldiers and others who are apparently under the impression that S.P.G. means "Special Pay Grants" and that it is part of a Government pay department.

## ANGELICAN

# REAL ESTATE-HOUSES, LOTS, ACREAGE, DAIRY, FRUIT AND CHICKEN RANCHES FOR SALE

## A BEAUTIFUL COUNTRY HOME

30 ACRES AND MODERN BUNGALOW.

OVERLOOKING FINE LAKE. Most of land is good, there being only about 5 acres of rock. Reasonable amount of land cleared and cultivated in fruit, small fruit, vegetables, flowers and shrubbery; also some very fine natural trees. The flower garden, which contains principally of the best roses obtainable, is one of the best near Victoria. The lawn surrounding house is also perfect. Residence is extra well built and arranged, and consists of 6 fine large rooms, heated by hot water. Two bedrooms with closets, large dining room and living room with open fireplace, built-in effects, etc. Modern kitchen and bathroom with new plumbing, etc. Two additional rooms can be added upstairs. Full cement basement with HOT WATER HEATING SYSTEM, laundry tub, etc. First-class water supply (spring water with good pressure) piped into house and around grounds. Conveniently located from residence. Large garage, chicken house and numerous other outbuildings. The natural water supply on this place is worth at least half the price asked for the whole property. This property is only 5 miles from Victoria and in a good district. Owner will consider exchange for real estate or cash. Price and particulars apply.

POWER & McLAUGHLIN, Phone 1406  
1214 Douglas Street.

## ACREAGE

ALMOST 3 acres, or would sell half; monthly income of \$150.00. Call on Mr. T. H. Black, 1111 1/2 St. W. Phone 431.

320 ACRES, 15 miles southwest Calgary, fenced, cross, fenced, house, stables, garage and chicken coop, well and natural spring, 30 acres cleared, 12 broken; clear title, would like to trade for some acreage. Call on Mr. T. H. Black, 1111 1/2 St. W. Phone 431.

WANTED-PROPERTY.

## A FAIRFIELD SNAP

MODERN 6-ROOMED BUNGALOW, built in the high part of Fairfield, overlooking a lovely southern view, close to street car and within ten minutes' walk of the Post Office. Full sized corner lot with the legal improvement taxes almost paid. Would stone fence and nice lawn and garden. House contains large living room, paneled in fir and with open fireplace; very dining room, also paneled in fir and with built-in buffet; large pantry, well fitted with linen cupboard, etc.; nice kitchen with gas range, three good sized bedrooms (one with open fireplace), bathroom, exceptionally high cement basement with laundry. There is an attic where several additional rooms could be finished if desired. OWNER WILLS INSTALL A BRAND NEW HOT AIR FURNACE AT THE PRICE QUOTED. Can give immediate occupancy of this desirable property and can sell on very easy terms to suit the purchaser.

PRICE ONLY \$5,000.

## HALF MILE FROM CITY HALL

WE HAVE also received the listing of one of the most attractive homes in the Central Park district, situated on a paved street, about half mile from city hall. The house contains a large room, fully modern in every respect and in excellent condition throughout. The selling and fixtures are all of picked material. This is a beautiful home, and at the price it is worth investigating. Let us show you full particulars.

PRICE \$5,500, ON TERMS.

## SWINERTON & MUGRAVE

600 Fort Street.

## TENDERS

Tenders will be received by the undersigned not later than noon on the 24th July, 1922, for the purchase of Lot 3, Block C, Section 5, Map 1341A, Colquhoun, Victoria. The lot is situated in a 6-roomed bungalow and outbuildings, well situated, with water and light laid on.

Highest or any tender not necessarily accepted. For further particulars apply to the undersigned.

718 Belmont Building.

## TENDERS

Provincial Royal Jubilee Hospital, Victoria, B.C.

SEALED TENDERS for Hollow Tile Partitioning, Ceiling Construction, etc., also separate tenders for Ventilating Systems and Temperature Control at the New East Wing, will be received by the Secretary, Provincial Royal Jubilee Hospital, Fort Street, Victoria, B.C., up to 4 p.m., Monday, July 10th.

Plans and specifications can be obtained from the Architects on deposit of a certified cheque for fifteen dollars (\$15.00), which will be returned on the receipt of a bona-fide tender. Tenders to be accompanied by a certified cheque for 10% (ten per cent) of the amount of the tender. In the case of the successful tenderer, if and when the successful tenderer is notified, the said cheque shall remain in the custody of the architect until thirty-five days after the completion of the contract. The lowest, or any tender, will not necessarily be accepted.

P. LEONARD JAMES, K. R. SPURGEON, Associate Architects, 321 Sayward Building, Victoria, B.C.

## TENDERS

For the purpose of closing an estate, tenders are hereby requested by the undersigned, for the purchase of the 21st day of July, 1922, for the purchase of those pieces or parcels of land known and described as Lots 16 and 17, in subdivision of part of Section 10, Ranges 1 and 2 West, in the District of South Saanich, British Columbia, Map No. 1188.

The property contains approximately 3.74 acres, is fully cleared, and fronts on Clark Road, near Sluggert Station, Municipality of Saanich.

Lowest or any tender not necessarily accepted.

Further particulars on application to Solicitors for the Administrator, Sixth Floor, B. C. Permanent Loan Building, Victoria, B. C.

**CUTICURA HEALS  
SCALES ON HEAD**

Also Eruptions on Face.

Very Disfiguring.

"My trouble began with small patches of scales upon my scalp which spread and covered the top of my head. My hair became dry and lifeless and fell out. Soon the trouble appeared in circles on my face. The eruptions on my face were very disfiguring."

"A friend advised Cuticura Soap and Ointment. I sent for a free sample which helped me, so I bought more, and after using one box of Cuticura, together with the Soap, I was healed." (Signed) George Brett, Jr., Pullman, Wash.

Boys Stage Interesting Programme at End of the Year's Work

St. Michael's School held its annual closing exercises yesterday amid the beautiful setting of the grounds of the Rattenbury home, on Beach Drive. Athletic competitions, addresses by Dean Quinlan and Kyrie Symons, principal of the School, and a presentation of scenes of "Twelfth Night" composed an interesting programme.

Dean Quinlan's address was on his favorite theme, the necessity of the better use of the English language and the desirability of more Bible reading, both for its spiritual inspiration and also because of the model English it contains.

Mr. Symons outlined in some detail the work of the school during the year, and pointed to the growth of the institution.

Those who took part in the scenes from "Twelfth Night" were:

Symons: Maria, W. Cameron; Sir Toby Belch: John Woods; Sir Andrew Ague-Cheek: Jim Redpath; Fabian: Jack Holmes; Viola: Jack Langley; clown: M. Symons; sea captain: A. Symons and L. Backler; attendant: D. McConnan; Sebastian: C. Dupont; priest: A. Robertson; Malvolio: W. Irving.

The price list was as follows (the name in brackets being the donor):

Year's work—Form 6, A. Robertson (J. Redpath); form 5, L. Backler (J. H. Lawson); form 4, L. Backler (J. C. Seidler); form 3, Ricardo (R. B. Rogers); form 2, A. Gilliat (Mrs. Eldon Potter); form 1, A. Playfair (Mrs. Ricardo).

Mathematics—Div. A, P. Bell (J. Holmes); div. B, A. Farris (C. K. Warren); div. C, arithmetic, R. Higgs (Mr. and Mrs. S. B. Woods); div. D, arithmetic, H. Gross (Mr. and Mrs. Haddon).

French—Div. A, J. Woods (D. B. McConnan); div. B, N. Symons (Dr. Scott-Moncrieff); div. C, Norris (Harold Robertson); div. D, P. Maxwell (Capt. Backler).

Improvement—Seniors, D. McConnan (Mrs. Symons); intermediate, Easton (Mrs. Mair); juniors, J. Daly (Mrs. Cowan).

Industry—Drawing, C. Dupont (Lady Colville); seniors, J. Langley (Rev. W. Cooper); juniors, J. Clark (Mr. Rogers).

History—Seniors, Scott-Moncrieff (J. C. Tolson); juniors, Trevor Page (Capt. Andrews).

Boys' Bowling Average—Oak Bay School's Athletic Association shield (for merit), J. Woods, L. Scott-Moncrieff and John Woods.

Open to school—C. Ricardo (Dr. and Mrs. Denton Holmes).

Drill cups—Seniors, John Woods (Mrs. Symons); intermediates, Leonard Backler (Mrs. Symons); juniors, Esau Young (Mrs. Symons).

Young men's—Seniors, Logan Mayhew (Mrs. Symons).

Platoon cup—J. Woods (No. 3), (Mr. John Hope).

Bowling average—J. Woods (Sam Scott).

Batting average—J. Woods (W. H. V. Read).

Latin—Div. A, (2) J. Langley (Mrs. Esau Young); div. B, T. Goodlake (Mrs. Monckton Case); div. C, A. Case (R. H. Bates); div. D, E. Seidler (Mr. and Mrs. R. Mayhew).

English—Form 6, S. Moncrieff (Mr. and Mrs. Carmichael); form 5, R. Moore (T. J. Goodlake); form 4, R. Rogers (Stuart Clarke); form 3, E. Young (Capt. Mogg); form 2, A. Reid (Mrs. Page); form 1, R. Hotham (T. N. Hibben & Co.).

Neatness—Seniors, Vernon (L. Mr. Henderson, Vict. B. & Stat.); intermediates, W. Lawson (T. N. Hibben, H. & Son); juniors, Todd (L. Mrs. Goodday).

Regular attendance—B. Carmichael (Mr. and Mrs. C. V. Milton).

**RED HOT JULY DAYS  
HARD ON THE BABY**

July—the month of oppressive heat; red hot days and sultry nights; is extremely hard on little ones. Diarrhoea, dysentery, colic and cholera infantum carry off thousands of precious little lives every summer.

The mother must be constantly on her guard to prevent these troubles or if they come on suddenly to fight them. No other medicine is of such aid to mothers during the hot summer as is Baby's Own Tablets. They regulate the bowels and stomach, and an occasional dose given to the well child will prevent summer complaint, or if the trouble does come on, sudden, a banish it. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

**DIRECTORS OF ANTI-VIVISECTION SOCIETY  
HOLD SESSION**

At a recent meeting of the Board of Directors of the local Anti-Vivisection Society, presided over by Alderman Leeming, considerable business was transacted and many interesting matters discussed.

Much interest has been taken in the case of a patient arriving on the Empress of Canada last week. On hearing of the occurrence the local society sent a wireless to the boat giving the rules regarding vaccination, which is not compulsory in Canada.

The object of anti-vivisection societies is to prevent experiments on human beings and animals and various pamphlets and reports bearing on this question were read at the board meeting. Among these was a statement appearing in The Canadian Lancet with reference to certain experiments with tuberculin made by a Toronto doctor on forty scarlet fever patients (none under five years old) and thirty-eight diphtheria patients.

Recently the local society sent a protest to the League of Nations in view of the fact that certain work involving experiments on animals is undertaken by the league.

The death of Bishop Mercer, vice-president of one of the English societies was learned with much regret. Bishop Mercer was always a valiant and out-spoken advocate of the cause. Everywhere the interest in anti-vivisection is growing.

## CRIPPLED WITH RHEUMATISM

Then She Took "FRUIT-A-TIVES" And Has Been Well Ever Since

MADAM SLOAT

Perth Junction, N.B., Jan. 22, 1920.

I suffered from Indigestion, Constipation and Rheumatism. My Stomach was weak and gave me constant distress, while Rheumatism in my joints made me almost a cripple. I was treated by two different doctors but their medicine did me no good.

Then I tried "Fruit-a-tives" and at once that fruit medicine helped me. Soon the Constipation and Indigestion were relieved and the Rheumatism began to go away, and in a few months entirely disappeared. For twelve years now, my health has been first class, and I attribute it to the use of "Fruit-a-tives," which I take regularly.

MRS. CLARA SLOAT.

50c. a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-tives, Limited, Ottawa.

many members have recently been enrolled in the local organization, which is planning a large amount of work for the future.

**FRED MOORE RETIRES**

Leaves Office of Attorney for Canadian Explosives; Other Business Changes Approved.

Arrangements were made at the Parliament Buildings to-day for Fred Moore, of this city, to retire as the official attorney for Canadian Explosives, Ltd., to be succeeded by Harry S. Moore, of Vancouver.

Mr. K. Waite is to succeed C. S. McTeigh as attorney for the William J. Burns International Detective Agency of Canada, Ltd. Both are Vancouver men.

Geoffrey Lloyd Edwards, of 412 Granville Street, Vancouver, has been appointed liquidator to wind up the Hibernian and Western Canadian Investment Co., Ltd.

A. R. Macdonald has gained official sanction for changing the name of the Peace River Oil & Refining Co., Ltd., to the Sweet Grass Oil Co., Ltd., for business purposes.

**DISTRICT FIRE AGENTS TO MEET**

The Victoria District Fire Insurance Agents' Association will hold its annual meeting on Wednesday next at the Cadboro Beach Hotel at 4:30 p. m., when the election of officers will take place and the usual annual reports will be read.

After the formal part of the proceedings is over the members will hold the annual dinner in the Cadboro Beach Hotel, where a delightful repast will be prepared by their host, Stuart Armour.

Invitations have been issued to the Premier and the Minister of Finance, to the President and Secretary of the B. C. F. U. A., the Presidents and Secretaries of the Vancouver and New Westminster Association, the Mayor, the President of the Chamber of Commerce and other prominent men.

A short programme of speeches and songs will take place after dinner.

**OPTIMISM MESSAGE OF LECTURER HERE**

"Man was never intended to be a money-making machine," the Rev. Frederick Attwood, Supreme Prelate of the Knights of Pythias and chaplain to the Minnesota Legislature, declared in an inspiring address on "Happiness—A Message of Optimism," at the K. of P. Hall last night.

Although totally blind, Mr. Attwood voiced a cheery message to his audience. "Character," he said, "is what I am and not what I seem to be. The process of character building is, first a thought dwell upon the act resulting. The act persisted in forming a habit, the habit becomes conduct and conduct makes character."

One of the chief factors in the building of character is the cultivation of an optimistic temperament. The world is a mirror; smile into it and it will smile back at you."

Past Grand Chancellor J. M. Hughes presided and musical numbers rendered by Mrs. Todd, Mrs. D. W. Ogilvy and D. W. Ogilvy.

**9 Tubs of Water**

For Each Tub of Clothes

In the Average Home the family washing receives four or at the most five changes of water.

In our Modern Laundry each tub of clothes is given nine changes of water.

## GAME ASSOCIATION MAKES SUGGESTIONS

Cowichan Sportsmen Recommend Bird Shooting Permits for Farmers

(Times Correspondence.)

Duncan—At a well attended meeting of the Cowichan Fish and Game Association this week, with Lieut. Col. C. E. Collard, C. B., in the chair, a letter from the Minister of Marine and Fisheries regarding salmon eggs, and one from C. H. Dieke, M. P., stating that there will be a sub-committee from Ottawa to meet the Fish and Game Association during the summer were read.

The following recommendations made by a sub-committee were received and endorsed by the executive:

1. That farmers, who can show that their crops are being damaged or in danger of being damaged, should, under permit, be allowed to shoot quail and cock pheasants.

2. That such permit should be obtained from the Game Warden or other appointed person at any time.

3. That the permit should be available for a specified time only and that at the end of such time the farmer should be required to furnish a report to the person who issued the permit as to the number of birds of each species he has destroyed.

4. That such permit should be issued for that portion of a farm on which the said crop is being grown and should not be held to authorize the farmer to shoot on any portion of his land or any other land.

5. In paragraph 2, section 2 of the Game Act, the words "not less than 10 acres of" should be deleted.

The following schedule of open seasons was also recommended:

Cock pheasants, October 15 to December 31, hens to be shot during last ten days.

Quail, October 15 to December 31. Deer (3 bucks only), October 1 to November 30; tag system for deer.

Willow grouse, December 1 to 31. Ducks, October 1 to December 31. Geese (Honkers), October 1 to December 31.

Geese (Brants), October 1 to February 28.

**EXPERT ADVICE ON RADIO**

(By A. Hyatt Verrill, Radio Technologist and Author of "Home Radio")

**A POWERFUL TRANSMISSION SET**

Either of the sets already described will serve the purpose of beginners or even of the more advanced amateur. These should transmit the human voice from five to twenty miles according to atmospheric conditions, and should send dot and dash messages several times as far. But if you wish a range of greater distance, you will have to build a more powerful set.

The illustrated set used with either a powerful "B" battery current or with a 110 volt alternating house lighting current.

It shows the wiring arrangement when batteries are used and with equipment for dot and dash signals. Fig. 2 illustrates the same set employing the 110 volt A. C. The difference in the two circuits is in the current connections. Such a set has successfully transmitted the human voice for a distance of twenty miles and has sent dot and dash signals for nearly two hundred miles.

Although many of the parts must be purchased ready made, several of the appliances may be made at home.

The parts, simple to make, are: The inductance, the current rectifier, the grid-leak, and fixed condenser. In addition, the variable condenser and the transformer may be made although this is scarcely advisable.

The various parts and instruments required, in addition to those which may be home made are: The ammeter, variable condenser, choke coil (an old spark coil will serve), modulation transformer (Ford spark coil), rheostat, switches and key, buzzer, 5 Watt radiator tube and socket, microphone, batteries.

If you use an alternating current you will require a current transformer, jars, lead, and aluminum strips for the primary coil.

The inductance is made by winding eight turns of No. 18 cotton silk-covered wire on a tube about three and one-half inches in diameter keeping the turns about half an inch apart for the primary coil. The secondary coil consists of 25 turns of wire spaced exactly half an inch apart with a tap taken at the twelfth or thirteenth turn.

The fixed condenser may be made as already described, with the pencil line circuit described in a preceding article. If the set is not to be used as a dot and dash code sender it may be omitted as well as the key (K) and the switch S1. When using the set for voice transmission it is merely necessary to swing the switch S1 in the grid circuit, and the switch S2. To use the set for dot and dash transmission, the switch S1 is opened, the switch S2 is moved over to the buzzer circuit.

is connected with the alternating current, the secondary leads to the rectifier and the filament winding goes to the grid and Anostat as shown.

The rectifier is exactly like that already described while the choke coil is either a ready made coil for the purpose or it may be an ordinary spark coil using the secondary winding only. A Ford spark coil with

the contact-breaker screwed down may be used as a modulation transformer while the ammeter is of the ordinary type with a low reading scale, or if preferred a 3 volt flashlight bulb may be used instead.

In case you want to experiment with making a transformer it should be constructed as shown in Fig. 2. The mechanical difficulties in making these are not great, but it is a difficult matter to get the turns of wire proportioned exactly right and you should not be disappointed if your first attempts are failures.

The core consists of about 150 pieces of sheet iron cut in "L" shape and each 7 by 5 inches. Bind these together in two equal bundles by means of string around one of the "legs" to prevent the sheets from slipping apart and wind on the wire as shown, putting on about 425 turns of No. 22 wire on the primary and one leg and 2550 turns of No. 22 wire for the secondary on the other bundle of pieces of iron. The final or filament winding should consist of 40 turns of No. 22 wire on the same leg of the "L" as the primary and with a tap at the twentieth turn.

Before winding any wire on the core, wrap the iron with several thicknesses of paraffined or shelled paper between each complete layer of wire. When all is completed remove the string with which you tied the iron sheets together, separate the ends of the iron pieces and slip thin sheets of cardboard between so as to keep them slightly apart. Then slip one of the "L" shaped pieces into the other so the whole forms a rectangle. Withdraw the cardboard separators and bind the iron together with string or adhesive tape
